Theater Attractions

Following is a summary of the motion pictures that will be presented at theaters in Marion next week.

—Palace—

"Guys and Dolls," Samuel Godwyn's film version of the musical which ran on Broadway four days over three years, opens Sunday at the Palace Theater to show for an entire week.

Filmed in Cinemascope and color, it stars Marlon Brando, Jean Simmons, Frank Sinatra and Vivian Blaine, with the supporting cast headed by Robert Keith, Stubby Kaye, B. S. Pully and Johnny Silver.

The picture's story deals with two romances, one between the high-rolling gambler, Sky Masterson (Marlon Brando; and Sarah Brown (Jean Simmons), the young lady in charge of the Broadway branch of the Save-a-Soul Mission; and the other between Nathan Detroit (Frank Sinatra), proprietor of the oldest established floating crap game, and the blonde, Miss Adelaide (Vivian Blaine), who heads the floor show in a joint called the Hot Box.

Nathan, who needs $1,000 to rent a suitable site for his floating crap game, makes a bet for that amount with Sky, who gambles on his ability to persuade the mission girl to accompany him to Havanna.

He succeeds, but, yielding to a soft impulse brought on by love, gallantly denies that he did. Everything works out satisfactorily in the end, with both couples being married at high noon in Times Square.

The songs in "Guys and Dolls" were written by Frank Loesser, the composer of the original show. The numbers are many and they include the title song, along with "Luck Be a Lady," "If I Were a Bell," "A Woman in Love," "Adelaide," "Sit Down, You're Rockin' the Boat" and many others.

—Ohio—

Current attractions through Monday at the Ohio Theater are "Dark Venture" starring John Calvert, Ann Cornell and John Carradine, plus "Mohawk" with Scott Brady, Rita Gam and Neville Brand.

"Dark Venture" is a love story set in savage Africa. It is concerned with a search through the wilds to unearth the riches of the elephants graveyard.

"Mohawk" deals with the courageous struggle of early pioneers to settle in the great Mohawk Valley, the hunting grounds of the Mohawks and the other mighty Iroquois tribes.

Scott Brady plays the role of a young artist - frontiersman who falls in love with Rita Gam, the daughter of the chief of the Iroquois. Their love proves stronger than fear and stronger than the hatred and distrust that causes conflict between the white man and Indian.

Starting Tuesday to play over the Memorial Day holiday is "The Searchers," set against the backdrop of the spectacular American southwest and filmed in Vistavision and technicolor.

It co-stars John Wayne with Jeffrey Hunter, Vera Miles, Ward Bond and Natalie Wood.

In "The Searchers," Wayne portrays a hard-bitten Texan, who returns to his home to find his two nieces stolen by raiding Comanche Indians. The story details the grim and unrelenting five-year search by Wayne and Jeffrey Hunter for the stolen girls.

During the search, one of the girls is found dead and later the other is discovered in the Indians camp, but they learn she has grown to young womanhood as an Indian.

Wayne later joins the Rangers in action against the band of Comanches with the idea in mind that he will kill the girl because he feels she has disgraced the family by becoming a Comanche.

Special matinees have been scheduled for Memorial Day, with continuous shows starting at 1:30.

—North Drive-In—

"You're Never Too Young," comedy in Vistavision and technicolor starring Dean Martin, Jerry Lewis, Diana Lynn and Nina Foch, plus "Fort Yuma," a frontier adventure epic in technicolor, will be shown Sunday, Monday and Tuesday at the North Drive-In Theater. Starred in the latter are Peter Graves, Joan Vohs, John Judson and Joan Taylor.

In "You're Never Too Young," the two comedians are the unwitting possessors of a stolen diamond and therefore the objects of ruthless pursuit by the killer-thief who has planted it on them. Jerry has to pose as an 11-year-old and take cover in the all-girls school where Dean teaches.

Adventure and romance on the frontier when the United States Calvary and the Apache Indians were at each other's throats is the key action in "Fort Yuma." The story centers around the days and dangerous nights on the open desert as Graves, in the role of Lt. Ben Keegan, a veteran cavalry officer, with a distrust for all Indians, leading a column of reinforcements to Fort Yuma, is stalked at every turn by Apache Chief Mangas' son and his Membreno tribe.

Two first run features, "Rock Around the Clock" and "Blackjack Ketchum, Desperado," have been billed for Wednesday through Saturday.

The former stars Bill Haley and his Comets and others in the picture are The Platters, Tony Martinez and his band, Freddie Bell and his bellboys, Alan Freed, Johnny Johnston and Alix Talton.

Howard Duff, Victor Jory and Maggie Mahoney are the stars in the latter.

In "Rock Around the Clock," Johnny Johnston plays an unemployed band manager who sees a small town aggregation, Bill Haley and his Comets, packing teenagers into the dance hall with its exciting new rock 'n' roll rhythms. Johnston meets and falls in love with Lisa Gaye, a dancer with her brother.

Sensing that rock 'n' roll is just what the band business needs, Johnny takes the band and the two young dancers to New York, hoping a band-booking agency run by Alix Talton will get them some top dates. But Alix wants Johnny for herself and throws all kinds of obstacles into their way to success.

In "Blackjack Ketchum, Desperado," Howard Duff, in the title role, is trying to live down his deadly past and peacefully wed his fiancee, Nita, in the small town of Oxhorn. When the Tetlows and their professional killers move in with their immense herd to take over the scarce grazing land, Blackjack reluctantly dons his six-shooters as the leader of the desperate ranchers.

Blackjack is fooled into leaving town and the Telows take control, kill Nita's father and the sheriff and round up all the ammunition in Oxhorn. Nita's life is threatened but Blackjack returns in time.

—South Drive-In—

"How To Be Very, Very Popular," a musical comedy in Cinemascope and color and starring Betty Grable, Sheree North, Bob Cummings, Charles Coburn and Tommy Noonan, will be the main attraction of a double feature Sunday through Tuesday at the South Drive-In Theater.

Completing the billing will be "Bengazi" starring Richard Conte, Victor McLaglen, Richard Carlson and Mala Powers.

In the former, Betty Grable and Sheree North are two runaways from a burlesque troupe who flee after the murder of a Chinese stripper because the murderer knows they've spotted him. They hide out on a staid old college campus where they become rather conspicuous and create mayhem of their own.

A quest for a hidden gold treasure is the theme for "Bengazi." It had been secreted in a deserted mosque in the desert by tribesmen to preserve it during the fighting between Montgomery and Rommel and when an army deserter who knows its hiding place enlists a pair of former gun-runners to find it, the strange adventure begins.

Through a series of circumstances, the three treasure-seekers, the lovely daughter of one of them and a British Intelligence officer who is on their trail, are all made prisoners in the mosque where the gold is hidden as the Bedouins maintain a barrage of rifle shots from the seclusion of the surrounding dunes.

Billed for Wednesday through Saturday as a double feature are "The McConnell Story" starring Alan Ladd and June Allyson, plus "Jesse James' Women" with Peggy Castle and Donald Barry. The latter is in technicolor.

"The McConnell Story" is an intimate account of America's first triple jet ace, Capt. Joseph McConnell Jr. He was known as a tiger in the sky and the film depicts the drama and happiness of his life on the ground as well as his moments of flying glory.

The film story moves from an army camp in New England, where Pvt. Joe McConnell dreams of eing a pilot, to the skies over Korea, where Capt. McConnell flies the most advanced aerial weapon of the day, the Sabre Jet

—State—

"Trial" starring Glenn Ford and Dorothy McGuire, plus "The Lone Ranger" will be shown Sunday and Monday at the State Theater.

Tuesday only, the double attraction will include "Unconquered," in technicolor, and Walt Disney's technicolor production, "Siam." The former stars Gary Cooper.

Tyrone Power and Betty Grable are stars of the film, "A Yank in the RAF," which will be the main attraction of a double feature Wednesday and Thursday. Completing the billing will be "Fury at Gunsight Pass."

For Friday only, "Pony Express" and "Sea Devils," will be shown. The former stars Forrest Tucker and Rhonda Fleming, and heading the cast in the latter is Rock Hudson. Both are in color.

Two western productions, "Devil's Canyon" and "Canyon Crossroads," have been billed for Saturday.

There are 2,75,000 trucks and 4,250,000 passenger cars on farms. Over half of all farms own trucks, and three out of four farms own passenger cars.

JOHN WAYNE (right) and Ward Bond fight out of an ambush in "The Searchers," a Vistavision and technicolor production which opens Tuesday at the Ohio Theater. Co-stars include Jeffrey Hunter, Vera Miles and Natalie Wood.

State — Glenn Ford and Dorothy McGuire in "Trial" plus "The Lone Ranger."

MARLON BRANDO, Jean Simmons, Frank Sinatra and Vivian Blaine head the cast of Samuel Goldwyn's "Guys and Dolls," movie version of the Broadway musical, which opens Sunday at the Palace Theater for a week's run. It is in Cinemascope and color.

ROCK 'N' ROLL dances by Lisa Gaye and Earl Barton are high spots of the musical, "Rock Around the Clock," which will be one of two first-run features billed for showing Wednesday through Saturday at the North Drive-In Theater. At right above is Bill Haley, who is starred with his Comets.

Electric Shock Is Employed To Stop Heart in Operation

NEW YORK (AP) — A group of Brooklyn surgeons say they have used a jolt of electricity to halt a 11-year-old girl's heart during an operation.

The surgeons at the State University of New York College of Medicine announced Friday that it was the first successful use of the electric current technique in this country.

Michele Lauer of Brooklyn was operated on a month ago to sew up a hole in an inner wall of her heart. A dry and quiet heart was needed for the job.

Surgeons therefore employed a mechanical heart-lung machine to bypass the heart for an hour. They used a low voltage electric shock to halt her heart and a high voltage to start it pumping again 30 minutes later.

Michele, recovered from the operation, went home Friday.

Will Attend Convention

Two Marionites will attend the semi-annual meeting of the Auctioneers' Association of Ohio scheduled June 10 at the Neil House in Columbus.

They are Gene Slagle, secretary-treasurer of the association, and his wife, who is to be installed as secretary-treasurer of the ladies' auxiliary.

C. William O'Neill, attorney general of Ohio, is among the featured speakers.

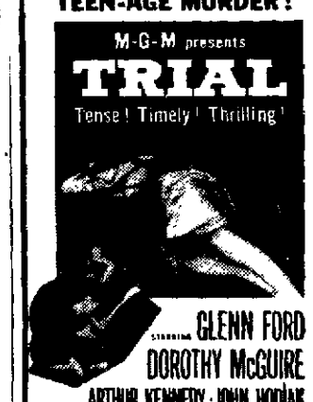

4-H Club News

A wiener roast was arranged when the Whetstone Corkers 4-H Club met at the home of its advisor, Mrs. Guy Edwards, Wednesday.

It will be held at the Robert Wilt home at the next club meeting June 4. Projects were discussed and books were distributed.

It is only about 100 years since most cooking in America was done over open fires.

BULK MILK COOLERS

No other cooler can match Dari-Kool's fast cooling and year after year low operating and maintenance costs. *Milk is cooled to 38 in only one hour — assuring a lower bacteria count and better milk. The milk cannot freeze because it is cooled with ice water.

*Dari-Kool's inner milk tank — with its moist, refrigerated side walls — retards the formation of milk stone. This makes Dari-Kool tanks much easier to clean.

*All Dari-Kool tanks are stainless steel — inside and out (not painted black iron). A rugged 10 ga. steel frame and pre-expanded milk tank assure accurate calibration and correct payment. Dari-Kools are electronically calibrated at the factory.

*Compare them all and you'll choose a farm proven, guaranteed Dari-Kool — America's largest selling bulk milk cooler.

Confident Living

By NORMAN VINCENT PEALE

How To Get What You Want in Life

How you use your money has a great deal to do with what you get out of life But the secret is not in getting and keeping money, but in giving it. We all want and need enough material blessings to live effectively and to do constructive work in this world, and it is no sin to have money. It's not money, but the love of money, that is the root of evil. When we learn the art of giving money, and ourselves with it, we are really getting somehwere in this world.

Dr. Peale

There is an amazing law of supply, and through it the best things in life will flow to you This law is taught and practiced under the name of "tithing," and its amazing result is described in this passage from the Bible: "Bring ye all the tithes into the storehouse . . . and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it " Tithing has usually been taken to mean the giving of ten per cent of your income to God's work, although that is a minimum. I have personally seen this law result in the spiritual and material remaking of many persons.

—·—

FOR EXAMPLE, years ago I knew a young man whose marriage was failing. He was failing in his employment and in himself, too. When he came for consultation, he was filled with depressing negativisms. He talked negatively and dully about his problems. Then it occurred to me that the law of supply could solve everything for him, so I asked him, "How much do you make a week?"

"Forty dollars," he said, "and I can't support my wife and child on that."

"I think we can correct that situation," I told him.

"How?" he asked incredulously.

I told him about the law of supply and of receiving through giving, and explained that the practice of tithing means giving ten per cent of one's income

"Ten per cent!" he exclaimed. "That means I would give four dollars a week!"

—·—

"IT WILL BE far and away the best investment you will ever make, and as you give it unselfishly, it will stimulate the law of supply by releasing your creative capacity So, every week give four dollars to the church, and something else besides; not only give God ten per cent, but actually give Him one hundred per cent "

"What!" he almost shouted

"By that I mean give yourself, your love and service one hundred per cent to God "

Finally, I got his promise to practice tithing and live in harmony with the law of supply. Today, his tithe is ten times greater because his income has increased ten times He is one of the most effective and inspirational personalities in his community His home life is wonderful and he is in the highest sense a successful person. He gave his money and he gave himself — and he had a rich return After all, money, indeed all wealth, is God's and if we use it and invest it as competent stewards in harmony with His laws, the result will be creative.

This is equally true of service Albert Schweitzer is generally considered the greatest living man of our time And who is Schweitzer? He made a reputation as one of the greatest organists of Europe. He became a famous authority on the music of Bach. And he was considered one of the world's foremost physicians. But out of a heart of love and selflessness, he gave this all up to go to an obscure and primitive section of Africa to live among poor savages so that he might help them. Today, he is considered far greater than he ever was in Europe — a man who is close to sainthood. You see, he gave himself, and in giving his life, he found it in multiplied form.

—·—

PEOPLE WHO HOLD tightly to their money and to themselves can lose both. Indeed, I am sure that explains the unhappiness of many complicated and frustrated people today. But give your money and your life, and the law of supply will pour amazing blessings upon you and, more importantly, through you. Lose your life and you find it. That's the eternal law of living.

Each of us wants a great deal out of life But you can't get the greatest things by getting and keeping. It doesn't work out that way. You get by giving and sharing. When you hold back either material things or self, you are just building a dam inside yourself that prevents blessings from coming through. Tear down that dam and there will pour into your life a flood of God's blessings, lifting you to a higher level of life than you have ever known.

Historic Bucyrus Landmark To Fall

BUCYRUS—A familiar downtown landmark in Bucyrus for more than 125 years is soon to be razed to make way for a modern restaurant.

It once served as a stage coach stop on the overland route between Sandusky and Columbus.

In the late 1840's, the building, which was erected only seven years after Bucyrus was founded, became known as the Oregon House. It was purchased in 1858 by J G Mader Sr., father of William F. Mader, Bucyrus fire chief 65 years until his retirement in 1953. The Mader Family operated the inn many years and later occupied it as their family home until the senior Mr. Mader's death in 1888.

For the next several decades, it was known as the First and Last Chance Cafe, operated by the late George Kleindienst. The establishment derived its name because the door on the south offered the first chance for a drink for pedestrians on their way uptown and the north side door was the entrance for a nightcap on the way home.

Vacation Bible School Slated by Local Chapel

Vacation Bible School will open Monday at the Oak Knoll Baptist Chapel and continue through June 8 using the theme, "Champions for Christ "

Classes will be for children from three years through high school age and sessions will be held daily from 9 a.m. to 11:30 Monday through Friday with exception of Memorial Day.

Teachers include Mrs Ruth Hughes for Nursery Department; Mrs. Willard Caudill, Beginners; Mrs. Gordon Johnson, Primary; Mrs. W A. Hough, Juniors, and W A. Hough, Intermediates.

A picnic will be held Friday, June 8, at noon for the children and parents At 7:30 p.m. hand work will be on display and the pupils will present a public program. Certificates will be awarded to those completing their courses

Local Minister Attends International Meeting

Rev E W. Smilhe of the Christian and Missionary Alliance Church attended this week at Omaha, Neb., an international convention of the church He was among nearly 1,000 delegates, ministers and missionaries, taking part

Important action was the scheduling of 102 new missionaries for service abroad and a goal of 102 new churches set for establishment next year There are now 720 missionaries working in 22 different national fields A resolution was passed unanimously to study ways and means of allowing non-Caucasians from this country and Canada to serve as missionaries Report of the treasurer listed more than $3,300,000 in missionary expenditure with per member giving of $50 13 and the figure for converts on the mission fields given as 10,655 baptized adults, more than one-fourth of all those seeking Christianity after hearing the missionary teachings The convention was held at the Omaha Gospel Tabernacle

Fite Baptist Church Plans Addition

GROUNDBREAKING FOR the new educational unit of Fite Memorial Baptist Church will be Sunday at 3 p m. with three guest ministers and the pastor, Rev. R. A Maugans, taking part.

An architect's conception of the new building is shown here.

The sermon, "Workers Together With God," will be by Rev John Wannamaker of First Baptist Church at Mount Vernon. Rev. H. V. Falor of Oakland EUB Church, Marion, will read Scripture and Rev. J. B Holloway of Trinity Baptist Church here will offer prayer

To open the service a hymn, "Faith of Our Fathers," will be accompanied by Miss Betty Massie, organist. Call to worship will be followed by trumpet number, "O Beautiful for Spacious Skies," by David Maugans and Larry Sims. After Scripture and prayer the Youth Choir directed by Mrs. Clarence Whitehill will sing, "May the Lord Depend on You "

Following the sermon, the ceremony of "Lifting of the Sod" will be conducted by H. B Jenkins, chairman of trustees and new building committee.

The new structure measuring 60x54 feet, will be placed on the church lot facing Darius St. and will provide classrooms for the Sunday School which has outgrown the space of the old church building. It will include 11 Sunday School rooms, a Fellowship Hall, two lounge rooms on the two floors and a pastor's study. The building material will be cement blocks which will be covered by brick veneer and hot water heating system will be used. Estimated cost is $40,000.

The Atlas Construction Co of Marion will do the work Members of the building committee are H. B Jenkins, L. C. Massie, William Thorpe, Robert Holliday, Donald Sims and the pastor. Head of the finance committee is S. R. Bayles.

Galion Juvenile Is Sent to Lancaster

BUCYRUS — Crawford County Juvenile Judge Constance R. Keller has sentenced a 16-year-old Galion youth, who admitted participating in the burglary of two area drive-in theaters last week, to the Boys' Industrial School at Lancaster.

The youth was given a suspended sentence last year and placed on probation after admitting involvement in the burglary of the Tri-City Drive-In-Theater, east of Bucyrus, and a store in Galion.

Two 17-year-old youths, one from Crestline, the other from near Galion, admitted breaking and entering the Tri-City Drive-In and the Sunset Drive-In Theater east of Galion and charges have been filed against them by Sheriff Elwood F. Jacobs. Their cases will be heard later by Judge Keller.

The 17-year-olds were arrested by Mansfield police Saturday and most of $500 in cash and checks reported stolen from the theater, and 275 packages of cigarettes were found in their car The 16-year-old was taken into custody by Sheriff Jacobs after the burglary was reported.

Judge Keller said there is a possibility that one of the youths may be turned over to Richland County Juvenile Court authorities at Mansfield.

Carl (Bobo) Olson won 15 straight pro bouts before losing his first fight in 1947

Church Briefs

Plans are being made by Lee Street Presbyterian Church for communion service June 3 and reception of new members and baptisms then, and for Vacation Bible School to be conducted in June.

Johnson's Island Is To Be Turned Into Housing Area

SANDUSKY, Ohio (AP)—An island in Sandusky Bay which served as a Civil War Prison camp is being turned into a residential resort

Some Cleveland promoters bought little Johnson's Island—all except one acre where 206 Confederate Army officers are buried.

They say they have already sold one-third of the lots along the coast line, and are negotiating for construction of a three-mile causeway to the mainland.

The island, where 15,000 Confederate officers were once confined, is more than a mile long and nearly a half mile wide at its widest point

A few ruined foundations are all that remain of the prison camp, but the cemetery is still maintained by the U.S. government. For many years the cemetery was unattended until the United Daughters of the Confederacy in Cincinnati bought it. They replaced the wooden markers with Georgia marble headstones, donated by the people of that state. In 1910, a monument to the Confederate dead was unveiled—a statue of a soldier.

The real estate promoters plan to recondition the existing docks and clean out an old quarry to create a land-locked harbor.

The United States produce more than 500 pounds of frozen foods in 1955.

Presbyterian Benevolences Up Six Million

PHILADELPHIA (AP)—The 168th General Assembly of the Presbyterian Church in the U.S.A. today was handed a whopping 1957 "benevolence program budget" of $31,404,063, an increase of nearly six million dollars over last year.

The figure includes a total projected allotment of $10,408,039 for foreign missions and $8,854,475 for national missions. An allotment of $4,063,262 is provided for Christian education.

The over-all estimate for 1957 compares with the 1956 budget of $25,769,649. The proposed budget includes these figures:

For the church's ministerial pension service—$1,325,000; for general services—$1,317,299; and for the General Assembly—$4,409,287.

The church's budget committee recommended that:

"A general benevolence budget for 1957 be approved by the General Assembly, continuing the plan for providing for the support of present operations and of outlining opportunities for Christian service beyond present accomplishments."

The committee also urged that "each particular church, as an expression of Christian stewardship, determine its share in this total program."

Other individual allotments provide $93,205 for the World Council of Churches, $73,978 for the National Council of Churches, $785,556 for theological education, and $73,972 for the American Bible Society.

Crawford County Seeks School Superintendent

BUCYRUS — Screening of applicants for the post of Crawford County school superintendent will be conducted by the county school board Saturday night, June 23, during a special meeting, Ralph Worden, board president, reports.

The board has received only one application thus far for the job now held by S. K. Sollars, who submitted his resignation earlier this month to become superintendent of the Jackson - Liberty School at Amsden in Seneca County. This applicant is now superintendent of a Seneca County school, with 13 year's experience as an administrator and coach

The salary for the job is expected to be between $6,300 and $6,700. Mr. Sollars' salary has been $6,000 plus $300 travel expenses.

Selection of the new superintendent will probably take place at the board's regular meeting, June 27.

Boy Killed by Baseball

GREENVILLE, Ohio (AP)—An 11-year-old boy was injured fatally Friday when struck in the throat with a baseball at a school playground here. Coroner Dr. A. F. Sarver said the death of Ronnie James Barnes was due to a heart block caused by shock.

Koehring Board Approves Merger With H-P-M Co.

MILWAUKEE — Directors of the Koehring Company, at a meeting here Friday, ratified the merger plan agreement with the Hydraulic Press Manufacturing Co. of Mount Gilead. H-P-M directors took similar action at a meeting on Thursday.

Julien R. Steelman, Koehring president, said that a special meeting of Koehring stockholders has been called for June 19 to vote on the proposed acquisition of H-P-M by their company. H-P-M stockholders will vote on the proposal June 14.

The merger plan calls for the exchange of H-P-M stock on the basis of 1-5 of a share of new Koehring 5 per cent cummulative convertible $50 par voting preferred for each share of H-P-M common in addition to 1-6 of a share of Koehring $5 common. The preferred will be convertible into Koehring common at $70 a common share for two years, $75 for the next three years and $80 a share thereafter.

Koehring estimates that 44,533 shares of its common and 53,439 shares of the preferred will be involved in the transaction.

A cross—a hundred crosses—marking the graves of men who died in the service of their country. But why a cross?

Is this the symbol of our gratitude for the sacrifice they made for us? It is not!

Is this the emblem of democracy and freedom in whose cause they laid down their lives? It is not!

But this is the symbol of a crucified and risen Christ. The One who unfolded for mankind the truth of God's love, the truth out of which democracy, freedom, and sacrifice have come.

The cross on a soldier's grave is a call to us—a call to the living to fill our churches. It is a call to serve with eager and sacrificial devotion the Lord whose Truth men have died to preserve.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Police Catch Baby Thrown From Window

Save Child in Fire On Third Floor of Home in Pittsburgh

PITTSBURGH (AP) — A young mother dropped her six-month-old baby from a third story window of their burning home today, and a policeman on the ground below caught the child.

The young woman, her mother and her husband then escaped the house—the two women by leaping and the man by a fireman's ladder.

"That was the longest five minutes of my life," said 25-year-old Ronald Connley, who lived in the third-floor apartment with his wife, Rita, 22; their baby, Susan Lynn; and Mrs. Connley's mother, Mrs. Irene Myers, 62.

"When we woke, smoke was everywhere," Connley said. "We were choking and everything was on fire."

They tried to get down a stairway, but flames blocked them. They then rushed to the window.

"Get my baby—get my baby out of here," screamed Mrs. Connley.

Patrolman Fred Brown, 34, and Edward Jones, 29, were cruising nearby and spotted the flames.

They ran to a spot beneath the window, and Brown caught Susan Lynn. Mrs. Connley then leaped. Utility wires helped break her fall and the officers caught her.

Mrs. Myers hung from the window ledge a moment then let go. She struck an abutment on the way down then dropped to the ground.

Connley then started out the window, but by that time firemen had arrived and put up a ladder for him to clamber down.

A Significant Development

Approval by the Marion County Board of Education of consolidation for the Meeker, Morral and Grand Prairie school districts is a major development on the school front in this area.

This is the first merger of significant size in the county and will be studied with interest because the consolidation issue has been so much in the spotlight the last few years.

There appears to be relatively little middle ground in opinions on consolidation. Most people directly concerned either are strongly for it, or just as emphatically against it.

Some city dwellers find it difficult to understand, but the subject is one of vital importance to many of our rural neighbors.

There undoubtedly are perfectly logical reasons for the strong convictions held by those on both sides of the issue.

Whatever the individual's beliefs may be on the subject, however, it would seem to us the polls taken in the Meeker, Morral and Grand Prairie school districts would indicate that opposition to consolidation might be considerably less than expected.

Percentages in favor of the merger ranged from 65 per cent in the Meeker district to 94 per cent for Grand Prairie, with 89 per cent approving it in the Morral area.

This may be no indication at all of what the reaction would be in some other part of the county, but the normal expectation would be that the trend shown in this northern section might be duplicated elsewhere.

Meanwhile, if the residents of these three districts approve a bond issue in the fall as expected, they will retain their three present buildings as grade schools and in a year or two will have a new, modern, roomy and well-equipped high school.

This consolidation approval is a milestone in Marion County because it links this area with a merger movement that has been progressing steadily in Ohio for the last decade.

Best guess of non-partisan but informed observers is that the increasing demands of modern education will result in a constantly-growing number of consolidations.

Whatever the pros and cons of the question, there seems little doubt that the mergers are providing better school facilities for our rural children.

Difference of Opinion

President Eisenhower has been in a few military arguments himself in his time as a professional soldier and thinks differences of opinion about weapons are healthy.

The rest of us are not half so concerned about differences of opinion as the way politicians take advantage of them to put in an oar where they have no right to be.

It was a difference of opinion, after all, that caused Billy Mitchell to be court-martialed for insisting that bombs dropped from airplanes could sink battleships. But it was the vested interest of localities in shipbuilding and of business enterprise in supplying materials that caused politicians to spend money for battleships long after battleships were obsolete.

Public opinion is less disturbed when militarists question one another's judgment as official opinion, because official opinion is aware of the way the squabbles can be exploited by politicians President Eisenhower has been learning the hard way how politicians operate. He is competent to deal with the military problems being aired But whether or not he can deal with the political implications is another question.

His countrymen could help him if they asked themselves every time another politican blasts off against some detail of military policy what the politician is trying to prove Is he interested in national security, or is he grinding an ax?

The ax is still a standard weapon in politics but has been obsolete in military circles since the bow and arrow replaced it.

Public Opinion Could Do It

The American Humane Association's efforts to take the unnecessary horror out of livestock slaughtering are so well meant and so reasonable that it goes against the grain to doubt that federal compulsion in the form of a law is wise or necessary.

There is a way that public opinion could force the adoption of more humane methods of slaughter than are commonly in use, without forcing the issue by some new form of congressional action.

The minority of packing houses whose management has learned that humane slaughtering can be made to pay for itself could adopt the use of a seal signifying that the American Humane Association approved of its slaughtering methods.

The misuse of the seal would be a violation of law. No packing house would be under compulsion to qualify for its use, but with the same kind of promotion whose aim is to compel packers to do something by law, the American Humane Society could make them do the same thing by persuasion. The packers, moreover, would have no rebuttal. There is no defense for unnecessary cruelty in livestock slaughtering.

Religion In and On the Job

The Top Rung

By EUGENE CARR

Never have the graduates coming out of our high schools and colleges had it so good! Business and industry are competing for their services. There is a shortage of engineers, accountants, teachers, nurses, skilled technicians and secretaries.

Later will come the first day on the job, and with it, some interesting discoveries. The new employe will find the competition among employers for his services has become a competition between himself and his fellow workers. Who will win out? Who will get ahead? Who will succeed?

Those with an extra measure of skill — yes. Those with unusual talent and ability — yes. But an important thing the new employe will discover as he goes along is that skill and ability alone are not enough to reach the top. True worth in a worker calls for qualities above and beyond dexterity of hand and cleverness of mind.

—:—

THERE ARE NO short cuts in job progress. There is no easy way to a lasting promotion or advancement. There is no such thing as success based on material gain alone.

Many temptations face the new employe in his efforts to get ahead. Honesty may not always seem the best course to follow. Taking an unfair advantage over a fellow worker sometimes appears to be the wise thing to do. Cutting the corners in the quality of work performed is a constant test of loyalty.

But we cannot live by two sets of standards, one geared to our work and the other to the balance of our life and living. We cannot separate what we do on the job from all else that we are and do. Honesty, fairness, loyalty, and the courage to do right are not qualities that can be turned on and off as we see fit to use them. Either they prevail in every act and deed, or they do not prevail at all.

—:—

THE YOUNG MEN and women coming out of school this Spring face a challenging opportunity. But, it would be well for them to remember three important things as they begin their job careers—

Work is one more of the many ways we are called upon to worship God. We praise Him when we do our work well as surely as when we kneel in prayer or sit in the church pew.

Work is part of God's plan for *man*. He is the giver of our talents. We glorify Him when we develop and use such talents properly.

A relationship with God is the only phase of an occupational career where we can start at the top. And, cultivating that relationship is the only sure way to rise above the lower rungs of the ladder.

Economists Confused

By John Foster

NEW YORK

Confusion is really the order of the day when you try to get an answer to the question of whether business is really going to stay good or not.

Normally you can find differences of opinion among economists working for private industry. Even though they all operate from the same basic sets of figures, they differ on interpretations of the information. Normally government analysts are pretty well in agreement.

But today it is out in the open that the economists who advise the President, and those who operate the Federal Reserve Board —our most potent controller of money rates — don't see eye to eye on how things are going.

-:-

AS WALTER GUTMAN, security analyst for Goodbody & Co., points out:

"Dr. Arthur Burns, chairman of the President's Council of Economic Advisers, is worried about the decline in auto and farm equipment sales and in housing starts, and feels that money is being made too tight. He is said to feel this so strongly that he tried to have the Treasury issue a statement.

"The Federal Reserve Board, however, is worried about inflation. It forsees that the increase of minimum wages from 75 cents to $1 per hour, a jump of 33 per cent, means pressure on prices; likewise the increase in union wages scheduled, all along the line.

"It is conscious too of the international pattern which forced Sweden, one of the first countries to try money management along modern lines and for years proud of its welfare state, to modify its hopes for social progress. This break in the pattern of high level official economic thinking seems significant because it shows that the portent of the economic forces now working throughout the world cannot be clearly diagnosed even by men who have the maximum amount of information, the highest technical training and who philosophically are alike."

-:-

THOSE WHO MAINTAIN business is good and will stay that way point to a long list of indicators, such as:

Employment gained 900,000 to hit 64 million, an April record.

Business loans by banks gained 1.1 billion dollars in the first quarter, five times the increase a year ago, and contrasting with a normal first quarter decline.

Steel, an industrial keystone, booms on; production keeps going up and orders still run ahead of shipments.

Personal income is at a record high, and still going up.

And business outlays for new plant and equipment this year are estimated at 35 billion dollars, some 22 per cent above last year's record high.

-:-

THOSE WHO SAY they are not using rose colored glasses point to just as long and they maintain, imposing list of bearish factors.

First, of course, they point to automobile production and unemployment. Output is off 21 per cent from last year's record high. Unemployment, according to the Department of Labor, is about 137,000, but the United Auto Workers says the figure should be 141,600. And in farm equipment both production and employment are off much more sharply.

Farm income is off about a third from the 1951 high.

Home building is running 8 to 10 per cent behind last year.

And, perhaps most important, retail sales are off.

Even those who don't agree wholeheartedly with either the optimists or the pessimists say we are facing what one heretofore expert forecaster says can only be called "a very delicately balanced situation."

-:-

MR. GUTMAN SAYS "We are at a critical stage in economic development, not only for the U.S. but worldwide, and it would be foolish to assume that there is a way of seeing the outcome clearly, much less precisely."

As the legendary horse player put it, "You pays your money and you takes your choice." It is a time to watch your business P's and Q's more closely than ever.

Daily Bible Thought

Some very notable economists maintain that partnership with God is sound financial practice. Our own observation of four-score years supports this claim. Certainly it pays rich dividends in character. "Honor the Lord with thy substance, and with the first fruits of all thy increase."—Pr. 3:9.

Delayed Lawyer

SUFFOLK, Va. (AP)—H. West Butler is beginning the practice of law at the age of 45 and some 22 years after passing the bar examination. He will take over a law office abandoned by his brother, Frank.

After passing the bar exam, Butler found he was needed in the family's manufacturing business. Then from 1941 to 1946 he was in the Army. But when brother Frank abandoned the law to enter a banking business, West decided to hang out his shingle.

"I've been keeping up with the law books somewhat," he said, "and I think my business experience will compensate for the length of time away from the books."

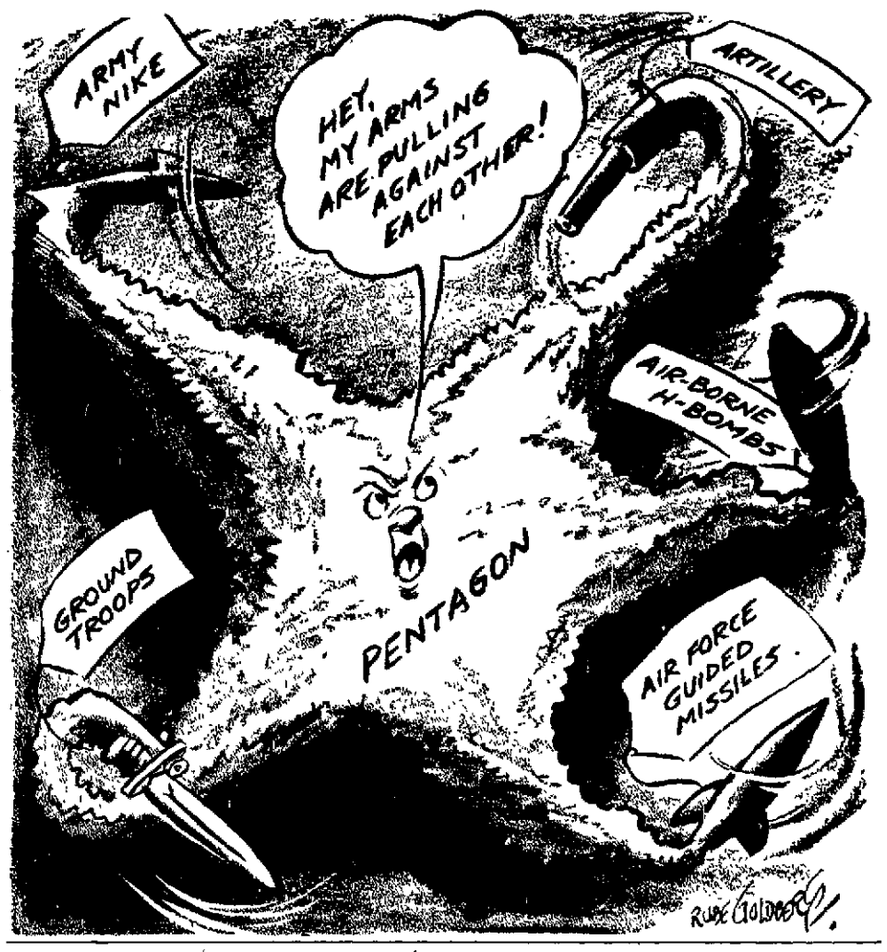

Drink for Firemen

ST. LOUIS (AP)—Volunteer members of the suburban Robertston fire department are nearly always close at hand when the alarm sounds.

The firemen operate a soft drink tavern in the fire station. The tavern profits, which go to the fire department, were just one of the advantages mentioned by Marshall Ladner, the fire district treasurer.

"Having this tavern in the engine house keeps some of our firemen always close by," Ladner said.

Let 'Neutrals' Go Communist

By David Lawrence

WASHINGTON

"Let them go Communist." This epitomizes a growing sentiment in Congress about the so-called "neutrals." It means that the United States must not allow itself to be blackmailed into foreign-aid programs by governments which under the guise of neutralism are really "playing both ends against the middle."

Lawrence

The case of Egypt is much discussed hereabouts. Nasser, an ambitious leader, is trying to play the Soviet Union against the United States. He wants the Aswan Dam built. It's a very important project — it will take 18 years to build. It means needed irrigation for millions of acres of land.

The Soviet Union has made a transparently weak offer to help finance the project, but Nasser implies he must take it unless Great Britain and the United States kick in with the desired funds.

The Aswan Dam and the canal distribution of the water, together with the hydroelectric work that goes with it, will cost at least one billion dollars. Irrespective of whether Nasser is a statesman or a Communist stooge, the dam means a lot to the future of the people of Egypt. Hence the American government wants to help, but can't be in the position of placing itself in the clutches of an ambitious dictator who claims he is undecided whether to line up with the West or with the Communists.

-:-

REPORTS FROM inside Egypt reaching here indicate that the Communists are making real headway there and are using Egypt as a base of military operations to stir up trouble for the Allies in Algeria and Morocco, and also to stir up friction through intrigue inside the Arab world.

There are some Americans in responsible posts who feel that maybe the time has come to call the Soviet bluff —to let Egypt try to get along with Soviet funds alone — in other words, to take hands off and permit nature to take its course.

Thus far, Moscow seems willing to grant a 35-year loan of 200 million dollars to build the dam. But the huge reservoir itself would be useless without the projects to distribute the water throughout Egypt and the Sudan. These will cost 800 million dollars more. There are many knotty problems still to be solved and meanwhile Nasser doesn't seem to be doing much in diplomacy to forward the cause of the people of his own country. He manages to insult the United States about every other week. His latest pact with Communist China flies directly in the face of America's friendship.

-:-

THE WILLINGNESS of Nasser, moreover, to accept the Communist scheme which seeks to establish a military foothold in the Middle East has aroused suspicion in the West. Thus, because of his arms deal with Czechoslovakia, and now with Communist China, the whole strategic problem will have to be reviewed by NATO.

Also by 1960 the Suez Canal is scheduled to come under complete control of Egypt. Will the Western nations accept such a transfer if it means handing to the Soviets control of one of the most important waterways in the world? From a military standpoint, Egypt cannot be protected by the Soviets for they have no naval strength in the Mediterranean. The Western powers, on the other hand, in time of war probably would not hesitate to seize control of the Suez Canal as a measure of self-defense. For Egypt would not be regarded then as "neutral," but as an ally of the Soviets.

Can Egypt afford to place herself within the Soviet military orbit —in an area which the West will have to consider hostile if war should break out? This is something Nasser will have to consider.

-:-

IT'S SOMETHING also that Sukarno of Indonesia will have to take into account. Sukarno has accepted Communists into his government. He was careful in his speeches here to refrain from saying anything that would indicate he is disturbed by Russian colonialism. He criticized Western "colonialism" and made just the kind of speech that pleases the Kremlin. He knows, of course, that this country wants Indonesia's friendship But at what price? How much money does Sukarno really want from America?

The liked the Indonesian's oratory on Capitol Hill but the large majority of the members of Congress are not gullible. The game of attempted extortion goes on as "neutralism" becomes the camouflage of the so-called "uncommitted" governments.

-:-

THE TENDENCY now in many quarters is to say "Let them go Communist," and "Let Soviet Russia actually come through with all the financial aid Moscow has been talking about."

Most experts here think the Soviet "competition" is a gigantic bluff and that if America refuses to be taken in, the newly arisen governments in Asia will some day discover that there are no strings attached to being friendly to America such as the Communists in Moscow or Peiping would impose.

Cotton Corners

By TRUMAN TWILL

Dear Nephew: We survived our annual round of drawing political straws here without any untoward incidents, but I am mighty glad this is not the one-party South where, as the newspaper writers always say, "Winning the primary is tantamount to winning the election."

Even when it's a choice of six of one and a half dozen of the other, as it frequently is in our two-party system, the race for election helps By self-hypnosis I can make myself believe my candidate actually has an edge on his opposite number, maybe seven of one and only five of the other.

As you know, I never ran for anything but the school board, and I lived to regret that. But somebody has to fill public offices, and I am grateful we have an adequate supply of people who enjoy it.

My trouble on the school board was my chronic inability to be patient with characters who were giving me a hard time for doing their dirty work for nothing. That would be my trouble on any public job, even if I were working for pay. There wouldn't be enough pay to make me turn the other cheek for people who think they have a right to abuse their public employes. There never has been enough pay to make me turn it for people who think they have a right to abuse private employes, either.

So it is a lucky break that we have an adequate supply of cheek-turners. Someone has to take the gaff and the guff, or government would not be worth the trouble. I have a theory this is what happens when governments decay and civilizations fall into ruin.

The dry rot starts with public jobholders. They turn sour. They lose their sense of obligation to the people they serve and begin to get even for all past and present grievances.

They lose their sense of resect for people. So they become corrupt — not just in the sense of stealing a little, but totally and hopelessly corrupt in everything they think and do. And that is the beginning of the end, according to my theory.

We are in no danger in this part of the country. This year I happened to know personally many of the younger candidates. Three of them had been my proteges in years past. There is nothing cynical about their attitude. They honestly want to take a crack at public office.

Unfortunately, you have to get nominated and only one of the three I knew best made the grade. But his opposite number in the other party also is an earnest youngster who would like to take a crack at public service, so the voters cannot lose in their race.

Your aunt wants me to remind you that May rains bring June pains, but I am reluctant to say anything about the weather. I am trying to put it out of my mind until there is something praiseworthy about it. Do you know how long it has been since we put two nice days together in these parts? Not since the middle of last March — and even that was purely accidental.

For the first time in my misspent life, I have real sinus trouble, and your aunt's cough is like the bark of a woebegone spinster seal who has been left behind in the Aleutian Islands with a lame flipper. If spring comes, can summer be postponed indefinitely? I am asking you.

Otherwise, best regards.

The Once Over

By H. I. Phillips

Nashua and the Million

They took him back to the stable
A horse with a million and more;
(No character changes were noted;
His head seemed the same as before!)

II

He'd busted the millionaire record
For skinners of class and of note —
(Yet centered his gaze on a hay-pile
And seemed most absorbed in an oat!)

III

The paper went into his status
And quoted the figures at hand —
(But Nashua thought of no mergers
And showed no intent to expand!)

IV

A horse in the uppermost brackets—
And money wise second to none—
He seemed quite intent on some clover
Instead of a split four-for-one!

V

He now was an "interest vested"
But hadn't a single new plan;
(While rich, he felt well and slept soundly. . .
FOR A HORSE IS A HORSE! NOT A MAN!)

SPENCER TRACY is in Havanna to star in Hemmingway's "The Old Man and the Sea," a story of a night and day struggle between a man and a fish. The difficulty may be to get a fish that will accept second billing, not insist upon changes in the script or quit in a fight over the publicity releases.

We question the appeal of the story to women. They can rarely exclaim, "He sends me" over a fisherman unless fishing from a yacht, and they know more about halibut under wine sauce than about marlin. So far as men are concerned, there are millions of angling enthusiasts who will go for it, even if they have never landed much more than a catfish or bullhead.

-:-

"PAPA" HEMINGWAY went to Peru to land a 1,500 pound black marlin. The movies of such a fish's struggle on the end of a line will be cut into the picture starring Tracy at the other end. If this fish gets an Academy Award, Hemingway and his rod and reel will be entitled to an Oscar for the best supporting role. This movie should be a great novelty as a Hollywood enterprise without any dependence on a woman, the female figure or facial beauty. It will be outstanding as a movie without a boudoir, a sofa or a cocktail bar, and perhaps the first one in history without the lines' "Can I get you a drink?" "Cigarette?" or "Why are you telling me all this?"

-:-

THIS WILL BE A PLAY, too, in which for a change there will be no knights, no world conquerors, no scenes from ancient wars and no supers in heavy armor. It should be great We have assurance that there will be no monkeying with the Hemingway story so that Tracy, at first an all-out foe of the marlin, falls in love with it, finds the fish reciprocates and finally adopts it.

BOSTON BARBERS are fighting for the $2 haircut. . .The day when it will be necesary to arrange time payments for a trim may be near. Nobody feels inflation like a bald - headed customer dropping into a barber shop for a one-minute shearing around the ears and being socked $2 for it . . . When the haircut gets to that price we predict a return to colonial powdered wig for adults and a use of the old soup bowl in cutting the hair of the kids at home.

A. L. Erlanger brought her to New York in "Hit The Deck" where she played Tiny Little and was the butt of jokes about fat girls. . . Later she was with Bert Lahr in "Flying High" where Ted Collins saw her, alone sensed her unusual vocal appeal and established a business association which led both to fame and fortune . . A press office release says "Because of the close association between Kate and Collins many fans assume they are married. Miss Smith is not married. Mr. Collins is married and has one daughter and two grandchildren."

Nightlife in New York is on the decline, with fewer people than ever staying up late. The reason for the drop in nightclub business is simple. People can stay home and see better fights on TV.

Nobody but Jimmy Durante with his rare talent and his popularity with the public could survive his recent TV scripts.

Calls for Private Program

Overseas Schooling Aid Suggested by President

(Picture on Page 1)

WASHINGTON (AP) — President Eisenhower looked to the nation's universities and wealthy private foundations today to take up his challenge to establish educational centers in lands which lack adequate school facilities.

Eisenhower advanced the proposal in a speech Friday at Baylor University in Waco, Tex He said that if it was carried out "the prospects for a peaceful and prosperous world would be mightily enhanced."

Parallels Technical Program

Eisenhower did not spell out details of his proposal, but administration circles viewed it as a private educational assistance program paralleling the government's own technical aid plan developed under former President Truman and continued under Eisenhower.

The Ford and Carnegie Foundations, the nation's two wealthiest, commented that they already are active in the field of international education. Between them they control more than two-thirds of a billion dollars in assets.

President John W. Gardner of the Carnegie Corp. said in a statement in New York that his organization "has made a number of moves to further precisely the objectives that the President mentions."

Eisenhower's suggestion, he said "deserves the most serious attention and consideration."

Among other things in the foreign field, Gardner said, Carnegie has trained locally born teachers, aided universities to train leaders in public administration, provided advanced training fellowships and helped increase library facilities

The Ford Foundation referred to a May 3 speech by its President H. Rowan Gaither Jr. reporting that education has shared with economic development projects in funds spent by the Foundation in other countries.

Run Own Schools

Making a point which Eisenhower stressed, Gaither said the Foundation does not conduct research or build or run schools overseas, but instead has made funds for such purposes available to public and private agencies in the countries concerned.

Eisenhower emphasized that he was not thinking of American schools abroad which would have the primary task of exporting the culture of the United States to other nations. He declared that the staffs, the courses of study and the conduct of each school "would be the responsibility of the people" among whom it was established.

Its purpose, he said, would be to help the country in which it was set up "develop its human and natural resources" and at the same time to channel back to the United States "new knowledge and wisdom out of the priceless values of another people's traditions and proud heritage."

Aides reported that the President had developed his proposition in a number of conversations with Secretary of State Dulles; Harold Stassen, his adviser on disarmament; and Arthur Burns, chairman of the President's council of economic advisers.

Eisenhower did not suggest what if any role the government might play in bringing about the massive cooperative effort of universities and private funds which he projected.

There was speculation that he might call a meeting of top leaders in educational fields and in the management of the funds to stimulate their interest and seek practical ideas for the achievement of the goal he set.

Death Ruled Natural

RAVENNA, Ohio (AP)—Willie Mins 50, of Ravenna, apparently died of natural causes, Dr. J. R. Turner, Portage County coroner, said Friday. Mins died Thursday and the coroner ordered an autopsy when it was learned that Mins had been in a fight with another worker at a construction project here. He was admitted to the hospital here May 16 for injuries suffered in a fall.

4 More Soviet Seamen Seek U.S. Asylum

TAIPEI, Formosa (AP)—The U.S embassy said today four more Soviet seamen of the Russian tanker Tuapse have requested asylum in the United States. It said their cases would be considered individually.

The Chinese Nationalists seized the Tuapse in June 1954, in Formosa Strait. The master and 28 crewmen returned to Russia. Nine crewmen went to the United States last October and seven remained in Formosa.

Five of the nine who went to the United States left suddenly April 7 for Russia. A Senate internal security subcommittee called their departure a "kidnaping." The United States expelled two members of Russia's U. N. delegation for their alleged role in the affair.

The four seamen now requesting asylum have been working for the Voice of Free China.

Former Colorado GOP Chairman Gets Sentence

DENVER (AP)—Charles A. Haskell, 50, former Colorado Republican chairman, was sentenced to six months in prison and fined $5,000 Friday for failure to file a 1951 federal income tax return.

Haskell, a Denver attorney, announced he would appeal the case to the U. S. 10th Circuit Court of Appeals. He was released on $2,000 bond.

Haskell had a gross income of more than $40,000 in 1951 when he failed to file a return, according to evidence presented by U S Atty. Donald E. Kelley.

He paid the back taxes plus interest and a 25 per cent penalty in September 1953.

Wisconsin's GOP Wonders Who To Support for Senate

MILWAUKEE (AP) — Wisconsin Republicans, who had no trouble deciding Friday who they wanted to be their candidates for three state offices, were confronted today with their major problem—who to endorse for the United States Senate seat.

By unanimous vote the delegates to the party's state convention endorsed Vernon Thomson, now attorney general, for the nomination for governor; Warren Smith for re-election as state treasurer and Warren Knowles to be their candidate again for lieutenant governor.

After that they ran into trouble that further complicated the five-man race for endorsement for the seat now held by Sen. Alexander Wiley of Chippewa Falls who seeks his fourth term in the United States Senate.

They heard a blistering attack by a state legislative leader that obviously was aimed at Gov. Walter Kohler, who is not seeking re-election, and his staff as a result of charges filed recently by the state board of bar commissions against Mark Catlin Jr., of Appleton, assembly speaker. Catlin is one of the four candidates opposing Wiley for the endorsement.

The attack was made by Assemblyman Eugene A. Toepel (R-La Crosse who nominated Catlin and said that charges of unethical conduct filed against him by the state board of bar commissioners had been made by "political connivers" who had "formed an unholly coalition to destroy the party."

All five candidates for the Senate seat were nominated Friday. One candidate will be endorsed today, by majority vote for each post, which will mean that the candidate will get party support and financial aid in the primary. It does not mean the others can not run.

Ashley Farmer's Barn, Hay Destroyed by Fire

ASHLEY — A large barn on the Carl Duerr farm two miles east of Ashley was completely destroyed by fire about 7 p.m. Friday.

The blaze was discovered by neighbors and flames were already shooting from the sides and top of the structure. Members of the Ashley fire department saved a tractor and several sows and pigs and loss was confined to several tons of baled hay and small garden and farm tools.

Cause of the fire is unknown and the loss, not yet estimated, is partially covered by insurance. The barn was built in 1915.

Mothers Given Party by Local Sorority Group

Following an annual custom members of Zeta Theta Alumnae chapter of Alpha Iota sorority entertained their mothers Thursday evening in honor of Mother's Day. This year the occasion was observed with a dinner in the home service room of the Ohio Fuel Gas Co.

Appointments were in blue and white, the sorority colors, and centering the table was an arrangement of vari-colored tulips. Favors were potted ageratum plants and completing the decorations were blue and white tapers.

Mrs. Anthony Caserta, president, was toastmistress. Miss Elizabeth Haberman led in a song fest and completing the musical part of the program were bell solos by Miss Dorotha Goyer. She played "Make Me a Blessing" and "Our Best," and played an accordion accompaniment for the singing of the sorority song, "Sweetheart of Alpha Iota" when Mrs. Caserta was crowned the May Queen by Miss Helen Zulauf. Mrs. Emmett Hollinger gave a reading, "What Is a Mother."

Mrs. Caserta gave a report of the conclave held in Toledo earlier this month and announcement was made of a bake sale to be held June 16 at Kline's Department store. The next business meeting will be with Mrs. Frank Lohr of Poppy Pl. June 14.

Guests included Mrs. Carl Haberman, Mrs. Haal Miller, Mrs. John Dietsch, Miss Della Owen, Mrs. Fred Freeman, Mrs. Lillie Hartley, Mrs. Elton Ralston, Mrs. Gertrude Swearingen, Mrs. Joe Moore, Mrs. John Shirk, Mrs. Lawrence Fabian, Mrs. Ralph Robertson, Mrs. Eldrid Crizer, Mrs. Norman Strawsberg, Mrs. Minnie Alman and Mrs. Dewey Bolander.

Arrangements were in charge of Mrs. Hollinger, Mrs. Paul McKinney and Miss Sue Miller.

Memorial Day Ritual Set at Ohio Wesleyan

DELAWARE—A Memorial Day ritual will be inaugurated at Ohio Wesleyan University Tuesday when a delegation of students, faculty and staff go to Oak Grove Cemetery here to place wreaths on the graves of deceased faculty members.

More than 30 former teachers at the University are buried there. The new ritual will replace the traditional Oak Grove pilgrimage of commencement weekend in June, when returning alumni payed their respects at the resting place of their former teachers.

Students who will participate in the ceremony are the officers of Mortar Board, the women's senior honorary, and of Omicron Delta Kappa, the men's senior honorary.

They will be accompanied by University President Frank J. Prout; Dr. H. C. Hubbart, emeritus professor of history; Dr. Allen C. Conger, emeritus registrar and professor of zoology; Prof. Paul Hahn, advisor to ODK, and Howard Strauch, alumni secretary.

Man Fined and Jailed In Bucyrus Traffic Case

BUCYRUS — A five-day search by highway patrolmen from the Bucyrus post for an alleged hit-skip driver ended Friday with the arrest of Lonnie Smith, 23, near Plymouth.

Smith admitted being involved in an accident near New Washington Sunday night when his car collided with an auto driven by Loren L. Snyder, 44, of Tiro, patrolmen said. At his arraignment before New Washington Mayor George Schwemley, Friday, Smith was fined $100 and costs and given a 30-day jail sentence on the charge of leaving the scene of an accident. He was fined an additional $51 and costs on a charge of reckless driving.

Campaigns in Florida

Adlai Charges President Has Misinformed Public

By The Associated Press

Adlai Stevenson says the Eisenhower administration has "deliberately, intentionally and continually misinformed" the country on how it is faring in the world battle against communism.

Stevenson, campaigning against Sen. Estes Kefauver for votes in Florida's Democratic presidential primary next Tuesday, said this at a Fort Lauderdale rally Friday night.

Comments on Ike's Speech

He was commenting on President Eisenhower's statement earlier in the day at Waco, Tex., that communism is "in its deepest sense, a gigantic failure." This was one passage in a speech Eisenhower delivered at Baylor University's commencement exercises.

Stevenson said it appeared, from news reports of Eisenhower's remarks, that the President meant this in only "a very limited sense."

"Yet," Stevenson said, "the still larger picture is that the present administration in Washington contributes daily to the illusions in this country that either we've got the Communists on the run or that their whole system is bound to collapse anyway because it is evil."

Although Eisenhower termed communism a "gigantic failure," he also cautioned it is a threat "from which even this mighty nation is not wholly immune."

Meantime, Kefauver continued to pour most of his fire on his rival for the Democratic presidential nomination.

Attacks Adlai's Record

He continued to jab at Stevenson for vetoing an old age pension bill while governor of Illinois. Stumping west Florida—an area heavily populated by retired men and women—Kefauver said in St. Petersburg:

"Mr. Stevenson says he vetoed the bill because the Legislature did not provide funds to finance it, but the fact is that Mr. Stevenson also vetoed an amendment to the appropriations bill which would have provided 14 million dollars to pay for the increased old age pensions."

Kefauver told his listeners, many of them elderly: "You can be sure I'm never going to oppose any reasonable increase in benefits to our old people."

Eisenhower was resting at his Gettysburg, Pa., farm today after a 12-hour trip to Waco during which he held a 30-minute conference with Texas Republican leaders. He also spoke briefly with Gov. Allan Shivers, a Democrat who bolted his party in 1952 and led Texas into the Eisenhower column. Shivers recently was beaten by Senate Democratic Leader Lyndon B. Johnson in a battle for control of the state Democratic party organization.

In Wisconsin, veteran Republican Sen. Alexander Wiley — 72 years old today—faced a renomination battle at the State Republican Convention in Milwaukee. However, Wiley ruled as the favorite to win a fourth term nomination over four rivals.

In a speech to the convention Friday, Sen. Joseph McCarthy (R-Wis) declared it "absolutely imperative" that the Eisenhower-Nixon ticket be supported.

Officer Denies Taking Bribes

Army Buyer Seeking Evidence of Support

WASHINGTON (AP) — Army Col. Louis H. Shirley sought evidence today to back up vigorous denials that he took payoffs from government contractors.

Shirley heatedly told the Senate Investigations subcommittee Friday he was never offered and never received payoffs from military cap manufacturer Sol O. Schlesinger, Freeport, N.Y., or from anyone else, to influence his judgment as a top buyer for the armed forces in the early 1950s.

"Never from Schlesinger or anyone else" did he get any money, Shirley said in an angry denial.

Schlesinger swore earlier he never had taken $27,745 in kickbacks on a government contract, allegedly to make "payoffs under the table" to Shirley and other government personnel.

Shirley denied also that he had let another manufacturer, Herman Kravitz, Atlantic City, N.J., pay his hotel bill for a two-night stay in Paris in 1952.

Kravitz has refused, lest the answers tend to incriminate him, to tell the subcommittee whether he bribed government employes.

Shirley, a decorated World War II veteran, was the officer who awarded Schlesinger's company two contracts in 1950 to produce 720,000 Air Force uniform caps. The subcommittee is looking into this matter in connection with its search for evidence of graft in military procurement.

Limitation on Liquor Permits May End in Ohio on Tuesday

COLUMBUS, Ohio (AP)—The limitation on issuance of hard liquor permits in Ohio may end—temporarily at least—next Tuesday midnight.

This was indicated today after 40 holders of beer and wine carryout permits started court action against a new "modified freeze" regulation adopted by the State Liquor Control Board May 17 to go into effect Monday.

Flood of Applications

State Liquor Director William C. Bryant says he expects a flood of new liquor permit applications after emergency regulations expire Tuesday. The emergency regulations were adopted as a stopgap measure when an Ohio Supreme Court ruling eight weeks ago knocked out "freeze" regulations which had been in effect since 1949 on hard liquor permits.

The court action by Franklin and Hamilton County permit holders operates as a stay of the effective date of the new regulation.

The suit filed Friday in Franklin County Common Pleas Court said the liquor board failed to make a reasonable effort to notify permit holders of the effect of the modified freeze. They also claimed the new regulation is unreasonable, discriminatory and against public policy.

The regulation would have taken all D-3a (2:30 a.m. closing) and beer and wine carryout permits from under the freeze. It would have put applications for the two classifications of beer and wine by-the-glass and the three classes of liquor permits under a population-ratio quota based on 1956 population figures.

Freezes Permits

Bryant said the court action "will automatically freeze all beer and wine carryout permits at the level where they now exist."

Since the Supreme Court decision did not touch on the beer and wine carryout and beer and wine by-the-glass permits, they still will be frozen under the 1949 regulation after Tuesday midnight.

Some observers saw Friday's court action as one to prevent issuance of more carryout permits. Additional permits would increase competition for the permit holders who filed the appeal.

Bryant said absence of any statutory restriction may force his department to hand out as many as 5,000 new hard liquor permits.

Dr. Strauss Is Elected Master of Cub Pack 76

Officers headed by Dr. Gerald Strauss as cubmaster were elected when Vernon School Cub Scout Pack 76 met Tuesday at the school.

Other officers named were George Tanner, assistant cubmaster; W. G Gallup, chairman; Dr R. C. Price, institutional representative; and W. A. Anderson, treasurer.

Dean Johnson, district executive, talked to the group on the duties of the cub pack officers. An American flag donated by the Fraternal Order of Eagles was presented to the pack.

Tickets for the Harding Area Council Camp-O-Rama scheduled at Camp Owens June 24 were distributed and Mrs. W H. Green was named chairman of the ticket committee. Scout awards were presented to Jay Plymale, Jerry Bumgarner, Tommy Anderson, Alvin Tanner, Charles Chesnut, Bobby Logsdon, Carl Patrick and Freddie Levey.

Woman Dies at 103

IRONTON, Ohio (AP)—Lawrence County's oldest resident, Mrs. Mary Catherine Tagg, 103, died Friday at the home of a granddaughter at Greasy Ridge.

Mrs. America Makes, Not Poses, Cheesecake

NEW YORK (AP)—Mrs. Cleo Maletis, 31, newly chosen "Mrs. America," says she makes cheesecake but doesn't pose for it.

At a news conference Friday, Mrs. Maletis, of Portland, Ore., said her selection as Mrs. America was based on homemaking and not being photographed in bathing suits.

"I'm not a cheesecake model but I can make cheesecake," the mother of three children said.

Our Presidents

By Patrick and Vinmont

JOHN TYLER

Son of an influential lawyer of large landed interests. Born March 29, 1790, Greenway, Virginia. Graduated from College of William and Mary, 1806. First job was clerk in a law office; admitted to the bar when 19.

An accomplished viclinist, he wanted to become a musician. Enjoyed social life and music; favorite pastime was reading, with a preference for poetry.

His interest in politics began while his father was Governor of Virginia, and he was elected at 21 a member of the Virginia Legislature. At 26, to Congress; at 35, Governor of Virginia; at 37, U. S. Senator. Re-elected to the Senate, he resigned rather than obey instructions of the Legislature that he vote to remove the censure which the Senate had passed upon Jackson for transferring government deposits from the United States Bank. He reappeared as a Whig member of the Legislature, and was nominated by the Whigs as Vice President to attract votes of the slave-holding South.

The first Vice President to fill an unexpired term of a President, he became tenth President of the United States April 4, 1841. His first act was to veto a banking bill presented by the Whig leader. This started a political revolution resulting in the resignation of every cabinet member. True to the principles he was known to have when nominated, he appointed a Democratic pro-slavery cabinet. Politically unpopular, he was hissed by every Whig, and he withdrew as Democratic candidate for re-election.

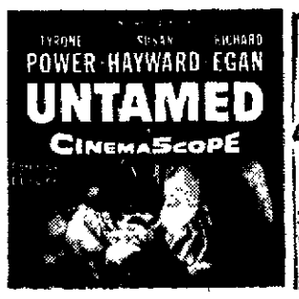

During his administration, Congress gave $30,000 toward developing the telegraph, and in 1844 the first message was sent—between Washington and Baltimore. Texas, a slave-holding state, was annexed. Sixteen years after retirement, he became chairman of the peace conference at Washington, 1861, which endeavored to avert the Civil War. He was a member of the provisional Confederate Congress when he died at Richmond, Virginia, January 18, 1862, aged 71.

Auto Workers To Press for Shorter Week

GM Unit of Big Union Calls for Reduction In Hours at Full Pay

DETROIT (AP) — With unemployment and layoffs continuing to mount in the auto industry the 500-man General Motors Council of the United Auto Workers Union today threw its support behind a drive for a shorter work week

On the layoff front, there were these developments

Studebaker - Packard Corp announced Friday it was shutting down its Studebaker assembly operations at South Bend, Ind, for a week, beginning Monday It said "several thousand" would be idled

Plymouth Letup Due

Chrysler Corp said 13 500 employes would work only Monday and Tuesday next week The shutdowns will affect all Plymouth plants and most of the firm's body-making plants All the latter are in the Detroit area

Only Friday, the Michigan Employment Security Commission reported the state's unemployed stood at 220,000 with 128,000 of them in auto-making Detroit, and predicted the idle would average 200 000 for the remainder of the year

The UAW s GM Council voted unanimously in Detroit Friday for 'a substantial reduction in the work week with full 40 hours pay" to end what it described as the "morale - breaking short work weeks'

Spokesmen for the council said the resolution won unanimous endorsement, 'even if it means more layoffs" Walter P Reuther, UAW president, supported the resolution at a news conference

Neither the council nor Reuther spelled out any specific aims

Under existing contracts, nothing can be done until 1958 Current agreements between the UAW and auto-makers do not expire until then The average hourly wage of auto workers now is around $2 19 under three-year pacts signed in 1955

Supplemental Pay

Under those contracts, however, workers laid off after May 2 will become eligible June 1 for supplemental unemployment compensation from company-financed trust funds in states which approve or do not object to payments on top of regular state unemployment compensation

Supplemental benefits will be limited in weekly duration in the first year to permit trust funds to grow After that they are designed to give laid-off workers up to 60 to 65 per cent of normal take home pay for up to 26 weeks.

All layoffs thus far have been attributed to what the companies describe as "an endeavor to balance production with the retail market" Retail dealers have inventories of around 900,000 new cars.

Toledo Woman Speaks At District Oil Meeting

Miss Regina Glasco of Toledo, gave an illustrated lecture entitled "The Magic Suitcase" at the dinner meeting of the Mansfield area Oil Industry Information Committee Thursday night in Galion's Globe Hotel

Attending the event from Marion were Mr and Mrs C H Bachelder, Mr and Mrs G L Stultz and Mr and Mrs L P Ford The men are retail sales manager, consumer sales manager and distributive sales manager in the Marion division of the oil industry

Red Visit

(Continued From Page 1)

consideration This is not just a Pentagon matter but would have to be considered government wide'

Mansfield said a visit to Russia by members of the U S Joint Chiefs of Staff "could be one small step along the slow road of trying to reach some kind of understanding with Russia"

That question, he said, "is one for the President to decide, as foreign policy leader"

"If we should accept the Russian invitation, it would naturally follow that some of their military leaders would visit this country," Mansfield said, adding

"Maybe a face-to-face talk between the President and Marshal Zhukov might clear up some of the obstacles to understanding and revive the spirit of Geneva'

Dulles set the tone of the Washington attitude Friday when he said that there would be no hurry to act on an invitation which still has not come from Moscow

Washington apparently is holding out for a formal invitation that would permit the top men to go to Moscow and talk as equals to their opposite numbers of the Red military forces—not just witness an air show

But balanced against that is the fear of some diplomatic policy makers that an exchange of military visits might cause Allied and neutral nations to decide this country was becoming more friendly to Russia while counseling other nations to beware of the Soviet

Gunman Gets $8,000 in Ohio Bank Robbery

STEUBENVILLE, Ohio (AP) — A gunman held up the cashier of the First National Bank of Hopedale today and carried off $8,125 He fled with a companion who was waiting in a getaway car

Hopedale is near the Harrison County line west of here

Bank employes were able to signal outside during the robbery and the sheriff's office was alerted in time to set up roadblocks

Cashier Ray O Jenkins was forced to empty two cash drawers and hand them over to the robber. He made the estimate of the loss

Jenkins said the man entered the bank and inquired about a loan But when they walked back to Jenkins' office, the robber produced a snub-nosed gun and said

"I don t want to borrow it I want to take it"

Then he made Jenkins call the nearest bank employe, Mrs Mary Jane Burris of Rayland, into Jenkins' office, where she had to face the wall

At the robber's command, Jenkins went to the counter and returned with a cash drawer It was emptied of about $3,500 Then the process was repeated with a second drawer

After binding Jenkins' hands with a necktie hanging on a nearby rack, the gunman made him lie on the floor and fled

Jenkins broke loose and shouted to Carl Patton, president of the bank, who was standing outside the building

Meanwhile the robber had hustled to meet his companion, and they drove away in a 1956 Ford convertible in green with light top, bearing Pennsylvania license plates

Police of both Jefferson and Harrison counties blocked roads in the vicinity

Hopedale has a population of about 900 and is about 20 miles west of here

Work in Home Cut by Wives In Roundtable

WASHINGTON (UP) — Want to streamline your housekeeping? Then set up a roundtable

A group in the nation's capital did They've been so successful that the roundtable discussions have been expanded to cover the whole family relationship—including what to do with the time saved from housekeeping

Lillian Gilbreth time - motion study expert was the guiding light behind what now is called the Scientific Home Management Roundtable

About three years ago the famous Mrs Gilbreth, the mother of 12, came to town for a general dinner meeting of the Society for the Advancement of Management She argued with the men at the dinner that their scientific management know-how could do a lot for homemakers

The roundtable, sponsored by society, was the result of her pleas

Small Group

The project started with a small group of management executives bringing their wives to meetings and discussing industrial work studies which could help to bring order out of confusion in home management.

Mrs John J Hader, one of the early backers and past chairman of the roundtable said 'oh, my, yes,' when asked if the management sessions really get down to details like where and how to do the family ironing

Mrs Hader whose husband is a training expert for the Air Force, and who herself teaches a class on home work simplification at the YWCA, explained the system this way

The experts 'relate industrial systems to home management problems and leave it to the women to invent their own application"

Mrs Hader and others in the group agreed that if women are "pushed" into trying scientifically worked out methods 'they just won t take it'

Women she added, know that some things worked out in a laboratory won t apply in the house or to an individual problem

'They have a realistic view and the insight that experts very often lack," she explained.

Equal Footing

The roundtable sessions Mrs Hader said, put the experts and the homemakers 'on an equal footing" From that start, the homemakers usually become real management enthusiasts

She said one successful meeting featured a couple who with their children set up a "family corporation" complete with formal constitution and working committees as their key to home management

With that "family democracy" idea in mind, Mrs Hader and this year's chairwoman, Mrs James Grady, plan to expand the monthly meetings even further by including teen-age children in the roundtable sessions

Doby Leads Chisox in 2-1 Win Against Ex-Mates

Former Clevelander Belts 3 Safeties To Sink Indians

CHICAGO (AP) — Larry Doby may look like a man from Mars with a rubber glove on one hand and an abbreviated football helmet on his head but the Chicago White Sox don't care as long as he hits.

And Doby has given indications that he's ready to do the slugging the White Sox expected of him when they traded Chico Carrasquel and Jim Busby to Cleveland for the left-handed hitting centerfielder.

Plagued by a hand infection and a groin injury, Doby returned to the Sox lineup Wednesday and rapped out a pair of hits instrumental in leading Chicago to a 3-2 victory over Baltimore.

Doby rapped out three hits, including a double, last night in paving the way for a 2-1 Chicago triumph over his old teammates and it was a bit of smart base running by Doby which enabled the Sox to beat Cleveland.

Rivera Ties Score

Despite excellent pitching by Billy Pierce, ace Chicago lefthander, Cleveland held a 1-0 lead over the Sox until Jim Rivera slammed a home run to open the sixth inning and tie the score.

Nellie Fox doubled but was out trying for third and Minnie Minoso flied out. Doby stepped up and slammed a single, one of his three hits for the night.

Dave Philley then singled to left and Doby rounded second to draw a throw from Al Smith, Cleveland left fielder. Smith threw to second and Doby continued to third.

Cleveland second baseman Bobby Avila, having no play on Doby, fired to first in an attempt to nail Philley, but his throw was into the dugout and Doby romped home with the winning run.

"It's a good play," said Doby later in the clubhouse. "If he throws to second, I go to third. If he throws to third, I go back to second."

Despite his ailments, Doby said "I'm feeling great. You have to feel good when you're hitting. I wear the glove because the docs told me to keep resin and dirt away from my hand. It doesn't bother me but the infection is not cleared up and resin or dirt can irritate it."

Wears Head Gear

Larry wears a head gear when batting which resembles a tight fitting football helmet and gives him an awesome look.

I don't care how he looks up there," said Sox manager Marty Marion, "so long as he hits. And you can see he's going to hit for us."

Today's game pits Jim Wilson against Lemon. Lemon will be seeking his seventh straight victory.

Bucks Block Gopher Nine's Drive to Title

By The Associated Press

Minnesota, striving for its first Big Ten baseball title in 21 years, still needs a single victory to lock up the Western Conference crown.

The Gopher title bid was delayed Friday when Minnesota dropped a 4-2 decision to Ohio State, the only team with a chance to beat out the sluggers from the North.

Michigan State beat Michigan, 10-4; Iowa edged Indiana, 2-1, Wisconsin beat Illinois, 2-1, and Purdue bounced Northwestern, 4-1.

The Big Ten closes its conference season today with a round of doubleheaders and one Minnesota victory or an Ohio State loss would give the Gophers the title.

Minnesota closes the season with a doubleheader at Indiana and Ohio State's defending champions host Iowa. In other twin bills, Michigan State is at Michigan, Purdue is at Wisconsin and Illinois is at Northwestern.

Minnesota scored its only two runs on Doug Gillen's two - run homer in the sixth inning but Ohio State rallied for three runs in the home half of the sixth to wrap up the game. Galen Cisco struck out 14 Gophers in recording the Buckeye triumph.

Tag Team Match Slated at Armory

Joe Scarpello and Nelson Royal will battle Dutch Schultz and Billy Fox in the main event of Wednesday night's wrestling card at the armory, Promoter Les Fishbaugh announced today.

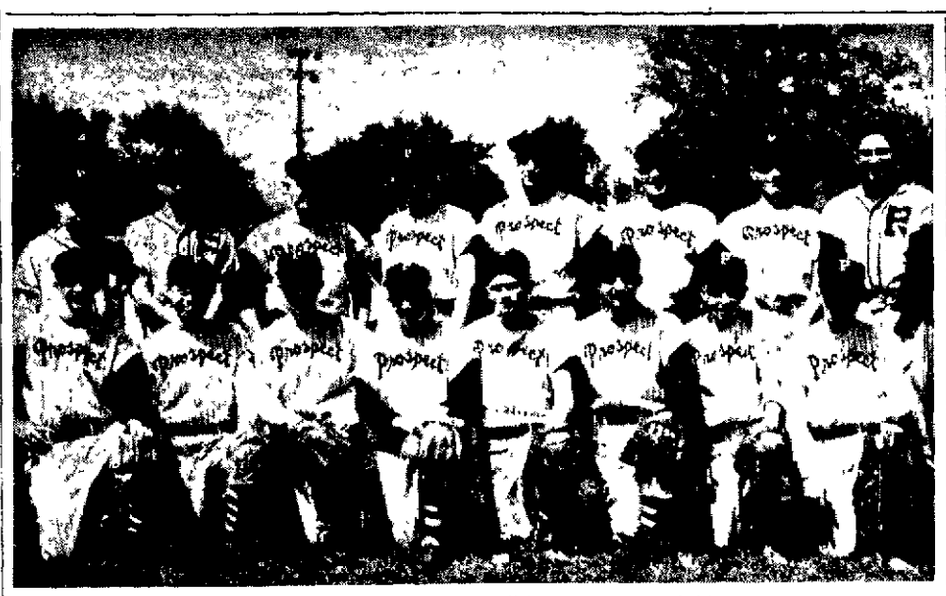

All four grapplers had asked a chance to return after a pair of slugfests here last week and Fishbaugh booked them all for the same match. The meet will be for two out of three falls with no time limit, the promoter said.

Marco Polo will meet Rip Hawk in the other bout. The program will get under way at 8:30 p.m.

Yesterday's STARS

Pitching — Billy Pierce, White Sox — won his fifth with a three-hitter that beat the Indians 2-1, striking out seven and retiring the last 15 men he faced.

Hitting — Roy Sievers, Senators — drove in five runs with two homers, his second coming with two men on base to break 5-all tie in 10-5 victory over Red Sox.

FINALLY STOPPED. Prospect High School's baseball team was stopped this morning at Jet Stadium in Columbus by Cincinnati Green Hills in the state Class B championship game. The Bulldogs qualified for the title clash by nipping South Zanesville 1-0 Friday. Coach Fred McCumber's charges had won 21 straight in their drive toward the title. Squad members are (kneeling, left to right) Steve Lauer, Tom Rodgers, Howard Moser, Dave Disbennett, Curt Roller, Dick Roberts, Eddie Roberts and Tim Hickman, and second row: Gene Isler, Gerald Wood, Bruce Emery, Roger Remlinger, Bob Rodgers, Dick Byrd, Ronnie Sparks and Lance Pearch. Mantle, Long Shine

Hitters Have Day in Both Major League Campaigns

By ED WILKS
Associated Press Staff Writer

Mickey Mantle upped his batting average to .427 and Dale Long jacked his to .417, but they were almost lost in the pack Friday night as despite generally cool temperatures the majors wound up with a bushel of hot hitters and a sack of cold cash.

Mantle had two hits in three trips and drove in three runs as the New York Yankees caught up with rookie left-hander Don Ferrarese—who almost hung a no-hitter on them two weeks ago—and belted Baltimore's Orioles 10-2. The game drew 37,070 fans and the victory sent the Yanks into a four-game American League lead.

Long, the Pittsburgh powerhouse walloped his 12th homer—matching a major league mark with six in six consecutive games—and took the National League lead in that department as the Pirates rallied to trim Philadelphia 8-5.

That's the way the leaders operated—but give a look at some of the also-rans:

Sievers Hits Pair

Roy Sievers smacked a pair of homers, driving in five runs as Washington out-shot Boston 10-5 before a crowd of 24,879 at Fenway Park. Jim Piersall drove in all but one of Boston's runs with two homers and a single.

And with 31,840 fans sitting in at Chicago, Larry Doby had three-for-four, scoring the run that beat his old mates with some base-running dash as Billy Pierce three-hit Cleveland 3-2.

Bill Tuttle had two-for-four for the Tigers, but it was wasted effort as Kansas City won 6-3 before a crowd of 20,558 at Detroit.

In the National, Ted Kluszewski smacked four-for-five, including a homer, and drove in three runs as Cincinnati toppled first place Milwaukee 6-5 on an unearned run in the ninth. That game pulled in 32,473 at Milwaukee.

Don Blasingame had three-for-four—and the veterans Grady Hatton and Murry Dickson each had two-for-four—while the St. Louis Cardinals battered the Chicago Cubs 6-1.

And with 34,634 on hand at the Polo Grounds, the New York Giants poked three home runs to beat Don Newcombe and the Brooklyn Dodgers 6-5. It was the third straight defeat for the world champions, dropping them into the second division for the first time (excluding season-opening weeks) since 1948.

In all, 203,291 fans showed up for the full slate of night games with the AL pulling in 114,347.

Redlegs Win in 9th

Billy Bruton's second error — one of four by the Braves—opened the door for Cincinnati's winning marker in a two-run ninth. Kluszewski singled home the tying tally. Warren Spahn lost it, with Gene Conley, just off the disabled list, getting the final out. Joe Black won in relief for the Redlegs, only nine points back of Milwaukee now.

The Cards are just three points behind the Braves, swatting 10 hits in support of Dickson's second victory. The little righthander started a pair of two-run frames with singles.

Mexicali, Mexico — Billy Peacock, 121, Los Angeles, knocked out Memo Sanchez, 119, Mexico City, 3.

Owens' Broad Jump Record Is Threatened

MINNEAPOLIS (AP) — Indiana's eager Hoosiers, led by this nation's top Olympic broad jump prospect, menaced well-balanced Michigan's title defense in the Big Ten Outdoor Track and Field meet today.

Both Michigan's Wolverines, seeking their 21st title in the 56th annual conference championships, and the Hoosiers, who have won four times, qualified 10 men for the 13-event concluding program.

Standout in Friday's preliminary competition was Indiana's Greg Bell, 25-year-old Army veteran, who soared 25 feet, 11¼ inches to hang up the best leap in this event anywhere in the world this year.

Bell gets another crack today under championship pressure at the 21-year-old world record of 26-8¼ set by Ohio State's Jesse Owens, also in the Big Ten meet.

Indiana needs much more help than Bell can give, however, to derail the Wolverines, who are loaded in the field events and have solid point getters in most of the track events.

Beyond Bell's great broad jump effort and a 14.1 breeze by Michigan State's Joe Savoldi, Jr., in the 120 high hurdles, Friday's trial performances were quite average.

Iowa was third in the qualifying lists with nine men, followed by Michigan State with seven; Northwestern and Ohio State with six each; Minnesota with three; and Wisconsin and Illinois with two. Purdue failed to qualify in the six events tested.

Red Strader Dies

BERKELEY, Calif. (AP) — Norman (Red) Strader, former coach of the San Francisco 49ers pro football team, died early today apparently from a heart attack.

Morral Sinks Meeker Nine In First Game

Morral High School clipped Meeker 10-0 in the opening game of the Marion County Baseball League, Friday night at Prospect Park.

Teams in the league are made up of players who will be high school students next year. This year's seniors are not eligible.

Warren Hensel and Dick Craycraft divided the pitching chore for the winners and blanked Meeker with no hits. The Trojans managed only two base runners. Each Morral Hurler allowed one walk. Hensel pitched the first two innings and whiffed five. Craycraft struck out seven in his stint. Bill White started on the mound for the losers.

The Wildcats scored one on the first, one in the second, three in the third and five in the fourth. The game was called after five innings by a 10-run lead rule.

Jerry Wood slapped a home run and a single for the winners. Harry Johnston had three hits, Ronnie Rice and Wayne Shifflet each had two and Gene Moore and Craycraft smacked triples.

In a preliminary game, Freddie Moore pitched and batted Morral's junior high team to a 5-0 win. Moore allowed only one single and collected a homer, triple and a double.

Well-Aged Timber Used In New Georgia Home

COLUMBIA, Ga. (AP) — In the 1870's Grandpa C. H. Dudley cut down some longleaf Southern pine trees on his plantation. Through the years the wood has aged beautifully as part of a factory building.

Now his grandson A. H. Dudley has purchased the aged logs from the razed factory and is using the lumber for paneling and flooring in his new home.

Prep School Suspended

COLUMBUS, Ohio (AP)—Cleveland Benedictine High School was suspended Friday night from participating in basketball for the 1956-57 season after being found "guilty" of violating the "undue influence" rule. The pronouncement came from the Ohio High School Athletic Assn.'s Board of Control in the wake of accusations that Benedictine had "recruited" its athletic talent.

Over 10,000,000 persons, or one out of every seven employed in the United States, gain their livelihood from the manufacture, sale, service, or use of motor vehicles.

Long Term Rose Bowl Pact Slated

MINNEAPOLIS (AP) — The Big Ten was committed today to a round - robin football schedule which would make it a closed circuit by 1963, save for its Rose Bowl tieup and one outside game.

The conference took the action Friday after welding itself to a long term Rose Bowl partnership with the Pacific Coast Conference.

While it extended a comforting hand to the subsidy - troubled PCC, the Big Ten clearly was looking for an avenue to avoid the same kind of misery in its own conference.

The round-robin plan was interpreted as a move partly to bring Big Ten football into a closer "family" association with better chances for conference control over athletic subsidies and other matters.

Big Ten faculty representatives and athletic directors approved a plan which:

Sets up a maximum 10 - game schedule by 1959 instead of the present nine-game slate.

Requires a minimum of seven conference games for each team in 1959-60, eight in 1961-62 and nine thereafter.

The plan will be placed before school faculty boards for action in September. If any school dissents, it goes back to the conference faculty-director group, which can okay it by majority vote.

Fullmer Camp Opens Bid for Shot at Crown

NEW YORK (AP)—Gene (Cyclone) Fullmer is ready, willing and able to give middleweight Champion Sugar Ray Robinson a good night's work for which Ray would be guaranteed $100,000.

While Sugar Ray and his "entourage" were riding a Pullman home from Los Angeles where he disposed of ex-champ Bobo Olson with ridiculous ease a week ago, Fullmer Friday night brushed off France's Charles Humez, European middleweight champ as a leading contender for the world's title.

Fullmer, 23, a sturdy mauler from West Jordan, Utah, ripped open cuts around both eyes of Humez while winning a unanimous decision in a blood-spattered 10-rounder at Madison Square Garden.

As Humez was No. 2, behind Olson in the latest Ring ratings, and Fullmer No. 3, the undisputed victory lifted the scrappy Mormon into the driver's seat.

"We want Robinson and we won't settle for anything else," said Marv Jenson, Fullmer's manager. "We're willing to guarantee Ray $100,000 at Salt Lake City or Ogden if the International Boxing Club can't make the match in New York."

Harry Markson, IBC boxing director, said "We'll see what Robinson says when he comes in."

At the end of the bruising brawl, Humez' white ring trunks were stained with blood from the cuts around both eyes. Although no stitches were required, the blood flowed freely from a slash around the right eye, opened in the third, and a gash over the left eye, sliced in the sixth. Fullmer also was cut atop the head and bled from the nose.

Referee Mark Conn scored it 7-3, Judge Artie Aidala 7-2 and Judge Leo Birnbaum 6-4 all for Fullmer. The Associated Press card was 7-3 for Fullmer who weighed 158 pounds to 159¾ by Humez.

Sunbury Horse Wins

LEBANON, Ohio (AP) — The Whizz, with owner-trainer Arlo Edwards of Sunbury at the reins, stepped off a 2:05 3-5 mile Friday night winning the fourth race at Lebanon Raceway—best time of the 1956 meeting at the track.

Huber Wins Title

Harding Star Establishes State Mark With Discus

Gary Huber, Harding High School track ace, today holds a state record in the discus event.

He broke a five-year record Friday during the state meet at Ohio State University. The Prexy star heaved the discus 165 feet, 6¾ inches. It topped a 158-7 toss by Donald Hortman of Dayton Kiser in 1951.

Coach Ken Somerlot described Huber's performance as "terrific to say the least." Huber topped the old record on his first preliminary toss with a heave of 162-4½. However, on his third try, Igo Jekkals of Cuyahoga Falls eclipsed that effort with a 162-6 5-8 throw.

—:—

SOMERLOT ADMITTED he was "a little worried" as Huber prepared for his efforts in the finals needing two and a half inches. "But he was just as cool as could be," the Prexy mentor added.

On his first attempt in the finals, Huber threw the disc 165 feet. The new record came on his second attempt but his third toss also topped the 159-foot mark.

Jekkals' throw was good for second place in the event while Carroll Rine of Mount Vernon came in fourth with a 153-2½ throw.

Ted Firstenberger qualified for the state finals in the 440-yard dash with 50.8 clocking. The Prexy coach reported Firstenberger was badly boxed at the start of the race and was forced to go outside to overtake the leaders. He came on fast in the final 30 feet for the win, Somerlot said.

Harding's mile relay team established a new school record with a 3:30.1 clocking but failed to qualify for the finals. Running in the event were Dick Hastings, Larry Henry, Bruce Roberts and Firstenberger.

—:—

THE 880-YARD relay team, with Hastings, Bob Lister, Roberts and Henry, took a close third in its preliminary heat. The time was 1:33.8, not good enough to qualify.

In addition to Firstenberger, Harding will send Roberts out in the high jump competition today. Also representing the Prexies will be Lewis Butler and Carl Burns in the mile run and Butler and Ben Dozier in the half mile event.

In Class B action Friday, three area schools qualified athletes for today's finals.

Richwood's Jim Fox finished in a four-way tie for second in the pole vault with an 11-8 record. Richwood's 880-yard relay team finished third in a field of 31 teams while the Tiger mile relay squad finished second. Carl Wood of Richwood came home sixth in the 220-yard dash.

Ed Nicol, Marysville star, qualified in two events. He was seventh in the 120-yard high hurdles and sixth in the 180-yard lows. Dick Schuber of Holmes-Liberty took a fourth in the 100-yard dash.

Columbus Notches 4-3 Victory Against Havana

By The Associated Press

The Miami Marlins, showing a complete reversal from a recent losing streak, today held sixth place in the International League after winning four straight games.

Jack Spring turned in the third shutout performance for the Marlins in their last four games last night, six-hitting Richmond 8-0 while Rochester and Columbus won ten-inning contests, 8-7 and 4-3, over Buffalo and Havana, respectively.

Al Simmons, Major League Great, Dies of Heart Attack

MILWAUKEE (AP)—Al Simmons, a member of the National Baseball Hall of Fame, died this morning of a heart attack. He was 54.

Simmons had been living at the Milwaukee Athletic Club.

A cab driver who brought Simmons home late Friday night said the onetime major league great player apparently had been shopping. The driver said he entered the club to find a bellhop to aid Simmons in carrying the bundles to his rooms.

The driver said when he returned to the cab Simmons had collapsed on the sidewalk outside the club. He was pronounced dead on arrival at County Emergency Hospital.

Simmons, whose first name was Aloysius Harry but used Al because he didn't like being called by his full given name, batted .390 for the Philadelphia Athletics in 1931.

Simmons, whose name always will be linked with that of Connie Mack's Philadelphia Athletics, jumped off the prairie semipro diamonds as an outfielder-fence buster with a unique "foot in the bucket" stance.

He played with Philadelphia from 1924 through 1933 and finished his big league career with a .334 batting average. He won the American League titles in 1930 and 1931 with averages of .381 and .390. He participated in four World Series and boasted a .329 average in the fall classics.

Simmons ended 26 years in the big leagues at the start of the 1951 season when he resigned as coach of the Cleveland Indians for reasons of health.

Mount Gilead Memorial Program Is Scheduled

MOUNT GILEAD — Memorial Day services were being planned in several Morrow County communities, with services at Mount Gilead to begin with a parade starting at 1:30 p.m.—May 30.

Charles Phillips is to be parade marshal at Mount Gilead and is also in charge of the firing squad. Max Smith is officer of the day. The parade will form at the school house and will march to Rivercliff Cemetery where Howard Webster, Mount Vernon attorney, will speak at 2 p.m. General Logan's Order will be read by Fleet Parks and Harold McCamman will read the list of honored dead. Rev. Fr. Christopher of St. Matthews Roman Catholic Church, will give the invocation.

Flowers are being collected by the Mount Gilead Girl Scouts and Boy Scouts under the supervision of the auxiliary of T. P. Johnston post, American Legion, to be placed on graves at the cemetery.

Short services will also be held at the court house following those at the cemetery.

Don January Retains Lead In Dallas Play

DALLAS (AP) — Don January, an upstart among golf's big names, refused to crack under the strain of leading a tournament for the first time so he headed a field of 100 by three strokes into the third round of the $30,000 Dallas Centennial Open today.

He had 131 for 36 holes as the result of a 3-under-par 67 carded Friday in the face of trouble that might have done things to the game of a veteran.

January, from Abilene, Tex., who has been playing for money only a year and is making his first full tour, bounced back from a double bogey that stung him when he seemed headed for a round equalling his opening 64. He missed the green at 15 and failed on his chip. It knocked him back to two under par. He calmly birdied 16 and when he lost the stroke by missing his tee shot and taking a bogy on 17, came fighting back for a birdie on 18.

At 134 were Palmer Lawrence, Dallas professional who is more of an unknown than January; Don Finsterwald of Bedford Heights, Ohio, the year's leading money winner; Tommy Bolt, the temperamental veteran from Houston, and Ted Kroll, another heavy winner from Fort Lauderdale, Fla., Lawrence had the day's low round — a 65.

Erie, Local 750, Shovel Teams Win in Industrial League Race

Erie No. 1, Local 750 and Marion Power Shovel captured wins in Industrial League softball play Friday night at Garfield Park.

Erie clipped McMillen 6-5, Local 750 edged Marion Metal 7-5 and Marion Power Shovel downed Erie No. 2 8-5.

Three runs in the bottom of the fifth were enough for the Erie No. 1 winners. They had scored three in the opening frame to lead all the way. McMillen picked up single runs in the first and third but a rally in the sixth fell short.

The fifth inning rally was highlighted by a home run with a man on base by Lattimore. The losers outhit the winning team 9-5.

Local 750 came from behind in the final two innings in its victory. The losers scored four in the third inning and one in the fifth to lead 5-1 before the Union men exploded for four in the sixth and two more in the seventh. Four walks and an error figured in the four-run outburst. Floyd Darnell, Loper and Sloat all had three hits for the winners. Bill Trimmer banged out three for the losers.

Six markers in the sixth frame gave the MPS nine its win over Erie No. 2. The railroaders had pushed over four runs in the first and one in the third before MPS broke the ice with two in the bottom of the third. Six hits in the sixth produced the six tallies.

Fifteen Erie batters were retired on strikes.

Senior Class Day Held by Students At Harding High

Senior Class Day for the Harding High School graduating class was held Friday in the school auditorium.

The program opened with the playing of the processional, "March of the Brave," Zannecnick, Homer Huffman, Harding instrumental music director, conducting. L. G. Jones led the audience in singing "Star Spangled Banner," Key, and Charles Newman, vice president of the senior class, led the pledge of allegiance.

Carol Blair, class secretary, quoted from scripture, while Alice Barkley, treasurer, read a prayer.

Joe Merohant, class president, addressed the audience on behalf of his classmates; Phil Sykes, junior class president, gave the response. The band played a special arrangement of Cole Porter musical hits.

Alice Barkley reported that the senior gift to the school this year would be a bronze plaque inscribed with the Ten Commandments, to be put on permanent display in the main entrance to the school.

The Bausch-Lomb award of a plaque to the outstanding science students went to Stephen Allen and James Berger. A $300 R. T. Lewis Scholarship award for a year's attendance at Ohio State University in the field of science was presented to Robert Weber, while Charles Kaelber, class valedictorian, received the year's subscription made annually by the publishers of Readers Digest.

The class song, written by Carol Hollensen, was sung by the graduates, accompanied at the piano by Pat Mathews. Mr. Jones led the singing of the Harding alma mater song and the band concluded the program with the playing of the recessional "Crosley March," by Filmore.

He Shot Out of Fear, Defendant Tells Jury

WICHITA FALLS, Tex. (AP)—An 18-year-old Salineville, Ohio, airman, charged with murder, testified at his trial Friday that he shot a Wichita Falls man because he was afraid.

Roy Allen Hunter, is accused of slaying city tax appraiser Jack Spangler, 26, last Dec. 18.

Hunter, testifying in his own defense, said he fired after Spangler made advances and grabbed the gun. He said he was afraid Spangler might kill him or injure him seriously if he resisted.

"I couldn't believe at first what I had done," Hunter said. "I was really frightened."

Hunter testified that after the shooting he returned to Sheppard Air Force Base, where he was stationed, and left the following day for home on leave. The slaying took place on a country road between here and the base.

Duke of Kent Gets His Kicks Pouring Wine Off of Roof

LONDON (AP)—Out of the cold gray dawn over Mayfair came a downpour—of champagne.

And who was pouring it down? None other than his Royal Highness the Duke of Kent, 20, cousin of Queen Elizabeth II and bright new star of the social firmament.

The lanky duke reportedly was leading Penelope D'Erlanger, 17, on a quiet stroll on a rooftop 40 feet above Curzon St. They were balancing on a ledge 12 inches wide.

In his hand, according to competent observers, was a champagne glass. He drained half the glass and, it is reported, flung the rest in the street.

The idea caught on fast with fellow guests at the debutante party. Soon a Niagara of bubbly was cascading on the street and on any citizens who happened to be passing.

Miss D'Erlanger explained that the duke took to the roof because the dance floor was so frightfully hot.

"It was just one of those spur-of-the-moment things," she said.

"If the roof was more cool—well, why shouldn't we dance up there."

Court Rules Congress Can Publish Anything

WASHINGTON (AP) — The courts cannot stop a congressional committee from publishing any statement be true, false or defamatory ment be tru, false or defamatory —a special three-judge court ruled Friday.

The 2-1 decision threw out an attempt by the Methodist Federation for Social Action to prevent further distribution of a congressional handbook describing the group as a "religious Communist front."

The Gresham, Ore., federation, not an official agency of the Methodist Church, denies being a Communist front and says it has never been given a hearing by the Senate Internal Security subcommittee.

The subcommittee listed the federation in its pamphlet, "A Handbook for Americans." The federation challenged the handbook on grounds it contained material that might be slanderous.

'Klu' Powers Reds to Win At Milwaukee

MILWAUKEE (AP)—Big Ted Kluszewski, dogged by problems this spring, seems to be finally hitting his stride for the Cincinnati Redlegs.

He got a heavy workout in Friday's 6-5 Redleg win over Milwaukee's Braves.

Big Klu:

Hit his ninth homer of the season.

Belted a single in the ninth that brought in the tying run. After a bad Brave throw to third, the winning run came home.

Batted in two other runs.

Was on the front end of two Redleg double plays.

One of the Redleg's most prominent "musclemen," Klu has had trouble this season getting started both in the field and at the plate.

For the Reds' second in a three - game series with the Braves, Johnny Klippstein slated to start on the mound today, opposing Ray Crone.

The Redlegs jammed the National League race into an even tighter snarl by rallying Friday night to defeat first place Milwaukee.

The Braves have only a three-percentage point edge over St. Louis with the Redlegs only six points farther back. On a screwy "games behind" basis, the Cardinals are in "first" by a half game over third place Cincinnati—which is a half game ahead of Milwaukee.

Today when replacement values are so high it means much in satisfaction and even more in savings to have your furniture cared for by Mayflower Warehousemen.

Windows Can Indicate Care Shown House

If They Are Easy To Open, It's a Sign Home Gets Attention

A house can't be judged by the style of its windows, but it can be judged to a great extent by the way its windows operate. Visit a house on a rainy day and try to open its windows. If they stick and bind because of the damp air, chances are they are not modern.

When windows open easily in all kinds of weather and close snugly leaving nothing to rattle in the wind, you can almost conclude that similar care and quality have been used throughout in the construction of the house.

However, the style of the window design—small panes or large, suaqre panes or horizontal rectangles—is largely a matter of individual preference.

There was a reason for small-paned colonial windows. Glass was scare and valuable Nowadays great sheets of glass can be had. But lots of people still prefer to cut it into small panes. They like the looks of colonial style windows.

Pros and Cons of Windows

Something good can be said for almost any type of window. Metal framed windows are precision fitted and when made of aluminum they call for no paint. Wood framed windows, on the other hand, have greater insulating value and the sash is not as subject to "sweating" or condensation.

Metal theoretically expands and contracts readily, but it would be hard to find a case of metal framed windows giving any trouble on this score. Wood can swell and warp unless kept hermetically sealed on all surfaces, but modern chemical treatments have eliminated warping, shrinking and swelling from the newest wood windows.

Many windows of this type are now designed so they can be removed from their frames for easy cleaning inside the house without any ladder work outside. Sash and frame are fitted to each other in the factory. Such complete units insure a tight fit and smooth operation. Compensating balancing devices have replaced the old sash cord and heavy weights and the complete unit is permanently weatherstripped in its prefabrication.

Three General Designs

You can get windows today in three general styles, colonial multi-pane, transitional combinations and modern horizontal designs to harmonize with your favorite architectural preferences

Many window units are made today with combination storm and screen sash. A window screen is replaced by a storm sash from within the house without the hazardous use of a ladder outside. These units are strong and lightweight and can be painted to match the trim and color scheme of your house.

Standards set up by the U.S. Department of Commerce for snug fitting and ease of operation of windows are now indicated by small metal seals of approval on the edge of window frames and sash. The seal bears the imprint of the American Wood Window Institute to certify the quality of the product.

Glass Block Adds Light

PICTURE WINDOWS above a glass block base keep this modern porch light and weathertight. An advantage in using glass block in this manner is that it keeps rain and lawn-watering from splashing the windows, while admitting light down to the floor level. In the background a ventilating hood is placed over an electric food warming table to facilitate informal entertaining.

Houses Larger, More Expensive

American homes are becoming larger and more expensive according to surveys conducted by the Departments of Commerce and Labor.

New homes last year were $1,400 higher than in 1954. The median selling price of new homes was $12,300.

The report says the higher price of new homes is due primarily to a general upgrading in the quality of residential construction. Other factors in rising home costs have been increased construction costs and higher land and development rates.

For example, new homes feature more living space, more bedrooms and better equipped bathrooms. Over 68 per cent of new homes built last year had three bedrooms. The average size of new homes was 1,170 square feet. In 1954, only 58 per cent of new homes had three bedrooms and the average living area was 1,140 square feet.

Demand for more and bigger bathrooms is helping to raise the overall size of many new homes. Surveys show homeowners want a minimum of two large bathrooms in a three bedroom home, and, two-and-a-half to three baths in a four bedroom home. Many families, desire a bath for every bedroom

20 New Homes Being Erected In Buday Area

Construction of 20 houses in an area extending from the east side of S. Prospect St. to McKinley Park and the Marion General Hospital grounds is under way by A. J. Buday of 1110 Mt. Vernon Ave., Marion home builder.

The new homes will be located on Malo Drive which was dedicated along with the Buday Addition to the city of Marion three weeks ago.

Cost of the homes will be approximately $15,000, Mr. Buday has said, and that includes street assessments on paving, sewers, sidewalks, and curbing. Each house will have a 65 foot frontage and will be built on the east side of each lot so that an attached garage or car port can be added later.

All built on one-floor plans, the homes will have full basements, three bedrooms, and gas heat. They will be frame structures with brick and stone trimming. Walls inside will be plaster covered, and each home will include a built-in oven and cooking range.

Work began in the addition May 7 and the first home is expected by Mr. Buday to be completed in approximately 60 days. All basements and sewers will be completed first, and then paving of the street will begin, the contractor said.

He indicated that none of the homes will be sold until the first house is completed, thereby giving prospective customers a chance to see what they are buying.

SUMMER STYLING

Each summer as life moves out of doors, garden chairs and tables need a fresh coat of exterior enamel. Fresh enamel will not only brighten furniture, but will clean it effectively after a winter spent in a cellar, attic or garage. Garden or porch furniture should be painted to conform with the color scheme of the outside of the house. You can match the color of the house, or being more fanciful, match the color of the shutters or trim on the house for your out-of-doors furniture.

John B. Kelly, father of Princess Grace of Monaco, is president of the Atlantic City Racing Assn.

Real Estate Transfers

Forty-nine real estate transfers were filed in the office of Marion County Recorder Arthur L. Watt during the week of May 14-19. This was two more than in the previous week, and three more than in the corresponding week in 1955.

Loans, both in total valuation and number, continued to run higher, as they have in recent weeks, than in the same period last year. In the week of May 14-19, 48 loans were granted for a total of $341,010, compared to the 25 loans and $185,920 granted May 16-21, 1955.

Banks handled 20 of last week's loans, amounting to $178,330; savings and loan associations granted 23 for a total of $150,770; individuals made two totaling $4,180, and other agencies granted three for $7,730.

First Aid for Ailing House

By ROGER C. WHITMAN

Q: We intalled an oil-fired wall furnace and it is located on the first floor between kitchen and living room. When sitting, the place feels cold about the feet. The thermostat reads 78 degrees but the temperature on the floor is 70 degrees. Could it be that the basement is the cause of this condition? Temperature reading there is 46 degrees. What would you suggest?

A: A temperature of 46 degrees will tend to "rob" the upper floor of heat, and insulation on the underside of the floor, between the joists, is recommended. Use any good brand of moistureproof batt or blanket insulation.

—:—

Q: The plastic on our kitchen countertop is only a year old and is showing scratches and dullness. Is there a protective finish that can be applied, like a wax?

A: Unfortunately there is nothing that you can use. To minimize further scratches, use a wood cutting board for all cutting and slicing.

—:—

Q: We had a new house built in 1955. The front stoop to the house is of concrete and was poured so that it extends over the foundation and basement, making it a partial roof of the basement. We noted that during the winter months condensation and water droplets formed on the underside of the stoop area. We would like to remedy this situation. Would any of the waterproofing compounds prevent this?

A: It is not a waterproofing compound that will solve this condition; but an insulating material will. If enough insulation is applied on the underside of the concrete, the warm air of the basement that evidently contains some percentage of humidity will not condense in that area. You should be able to find a contractor who does a spray-on insulation job. This type of material consists of a mineral fiber and a liquid binder. Another method is to fur out the concrete and install a blanket or batt type of insulation.

—:—

Q: We've finished two bedrooms in our attic, using an insulating wallboard for the inside wall material There are spaces between the panels, which do not interlock in any way. What should be used to fill the cracks and then what can be used over the rather soft surfaced walls? Would you advise metal strips for the outside corners? Would burlap wall covering be advisable?

A: For two inches on each side of the joint, make a recess from top to bottom about one-sixteenth of an inch deep. Partially fill the recess with a spackling compound; then nail into a place a four-inch wide trip of screening. Over this apply more spackling compound and flush it off level with the surface of the wallboard. For the corners, do the same thing but make the recess a couple of inches wide, so that a six-inch wide strip of screening could be nailed in place. Burlap or an oilcloth type of wall covering can be used.

All-Year Home Cleaning Can Be Family Job

BLACKSBURG (INS) — Once you've completed your house cleaning, keep up the good work with daily "groo-ning."

That's the advice from Ruth Jamison, house furnishing expert at Virginia Polytechnic Institute. She claims that it will take the family—mother, father and kids about five minutes each evening to "groom" the living room.

Don't just dust—organize the family to emply and wash ashtrays, stack magazines according to size, kind or in an interesting arrangement. And either store or throw out back issues. Books should be arranged as to size or color and kept dusted.

Green plants or leaves add that "outdoor living indoors" touch, but be sure to water them and pinch off dead leaves. Check lamp shades to be sure they're straight.

Adjust the folds of curtains and drapes and be sure the hooks are fastened at the top. Plump out cushions. If you have a fireplace, don't leave it filled with cigarettes and scraps. Be sure your pictures hang straight.

Straighten out the desk each time you use it—and that includes drawers.

This way you won't be embarrassed when folks drop in unexpectedly—you'll find it much more pleasant yourself.

Man Bilked of $1,300 By Bogus 'Detectives'

BALTIMORE (AP) — Benjamin F. Deal learned his money was genuine but the detectives were counterfeit.

Cost of the lesson: $1,300.

Deal, 75, retired railroad worker, told police two men posing as detectives went to his home Friday and accused him of passing counterfeit money. They asked to examine any bills he kept in the house, said Deal, so he turned over $1,300 he carried in a wallet.

Sure enough, said the men, there were some bogus bills in the bundle Told to dress for a trip to police headquarters, Deal went upstairs. When he returned, he found no "detectives"—and no $1,300.

BE CAREFUL

Do-it-yourself painters should be careful when prying the lid of a paint can with a screwdriver, remembering not to bend the lid so it can be sealed on to the can after the job is done.

Plaster Has Proven Its Superiority Over Years

By DAVID G. BAREUTHER
AP Real Estate Editor

THERE'S NEWS in plaster, You wouldn't expect it, because 10 years ago the dry wall substitutes for this prosaic building material were supposed to be putting plaster out of business. But in spite of the tocsin banging by inventors and builders who were going to save home buyers great sums by making walls out of everything from packed mud to masticated grocery boxes, plasterers just kept on trowelling.

Today you can get acoustical plaster that soaks up sound like a sponge absorbs water. You can get predecorated plaster to give your walls a permanent tint that won't wash off or wear off—eliminates painting. You can use quick drying plaster to shortcut the usual waiting period for final decoration. Or you can still rely on the tried and tested three-coat plaster job that has distinguished quality construction for generations.

Gypsum, the main ingredient of modern plaster, is now being mined and quarried at a rate of about 10 million tons per year. However, you'd wonder how there could be enough left for plaster, from the way this mineral is being used. Hollywood uses it to simulate snow. Farmers have been using it for fertilizer ever since Benjamin Franklin introduced it for that use in this country. It goes into the making of face powder, dental plates, poker chips, bathroom fixtures and polish for gravestones.

To meet this market, 10 new gypsum plants are scheduled to be established this year, although the stuff is as old as the Egyptians (before Nasser) and is only what we call plaster of Paris.

—:—

WHY DO WE keep on plastering walls? The Gypsum Assn. says it's because it helps to give lifetime protection to the value of your investment in a home You can redecorate plaster over and over again — as long as you can keep up with a woman's amazing ideas. Other advantages of plaster obviously are its high fire-resistance, its durability, economy and adaptability to any curving or arched architectural styles

Yet, plaster isn't foolproof. Like everything else that goes into building a house, it gives the best results when both material and workmanship are right. For one thing you have to have a good base to hold the plaster.

Wood lath was a time-honored base The plaster could bulge through spaces between the lath and lock itself on the wall. But as the lath and the framing lumber shrunk and warped, movement inevitably opened excessive cracks in the plaster. So metal lath and gypsum lath were invented. Metal lath, resembling coarse screening, provides a continuous locking base. Gypsum lath, both in solid panels and in perforated form to create locks through holes, has an affinity for plaster and adds a fireproof backing

One of the latest developments in gypsum lath is a form with an aluminum foil backing. This gives you a bonus of reflective insulation when at least three-fourths inch of air space is left open in the wall behind the foil. It also creates an automatic vapor barrier, which is highly important in modern homes.

—:—

FOR EXAMPLE, here we are in the midst of a new house painting season. If you notice peeling and blistering of paint, particularly on the north side of your house, don't think that it is necessarily caused by leaky outer walls. Chances are that the moisture pushing that paint off comes from inside the house. Normal washing, cooking and bathing in an average-size house adds as much as two and one-half gallons of water to the air.

Being a gas, vapor is invisible until it condenses. Natural pressure pushes it through walls and ceilings. When it reaches a dew point it turns to water and when it freezes in the insulation, or sheating or siding on a house, you have trouble.

This is why aluminum - backed gypsum lath for plaster can spare you from a lot of headaches, including mildew and rot within walls. You can save a lot of money in the long run by sealing inner walls so tightly that you'll notice fog on the window panes — a signal to ventilate — before you inadvertently spray two and one-half gallons of water through your walls.

Painting Windows

THE AMATEUR can get professional results in painting a window if he will follow these suggestions: First paint the parts of the window that are inaccessible when the window is closed. Slide the lower window up and the upper window down. Using a long-bristled sash brush one to two inches wide, paint the face of the checkrail of the upper window down. Then paint the muntins and stiles of the upper window for about three or four inches above the checkrail. Push the windows to their normal position, leaving a few inches open, top and bottom. Paint the muntins, the top rail, and the stiles of the upper window Then do the face of the checkrail, the stiles and bottom rail of the lower window. Don't get paint on the weatherstripping. It can cause the window to stick.

Chamber Unit Reviews Purebred Gilt Program

Applications for the 1956-57 purebred gilt program of the Agricultural Committee of the Marion Chamber of Commerce were reviewed at a regular meeting held Friday noon at Hotel Harding.

Plans to announce the names of the successful applicants and to distribute the gifts early in June also were discussed

Progress of the current program was reviewed and the advisers reported that plans are to show the sows from the current program at the Marion County Faur Aug. 18-24. Roy Holdridge, chairman of the committee, presided at Friday's meeting.

Two Sentenced to Life In Woman's Kidnaping

BISON, S D. (AP) —Two New England men drew life sentences Friday when they pleaded guilty to charges of kidnaping Mrs Mabel Galland, 56, a Bison farm woman.

Wayne E. Morgan, 31, Concord, N.H., and David E Landry, 25, Waltham, Mass., also drew 15-year terms for armed robbery of the woman.

Mrs. Galland was seized early May 19, forced into the trunk of the kidnapers' car and carried into remote range country where she was left, tied to a windmill. The woman was freed 10 hours later and Landry and Morgan were picked up while hitchhiking near the scene.

YOUR HOME . . . Today and Tomorrow

By DOUGLAS TUOMEY

Nothing spoils the appearance of an otherwise nice house as much as the effect that it had been forced by some giant upheaval out of the earth. Nine times out of 10 this result is caused by too high an exposure of the foundation walls

There are several ways of overcoming this. One is to grade up the ground as much as necessary. Another is to add another piece of trim around the bottom as shown in the second illustration, and a third is to paint the exposed foundation wall green, so that it blends into the grass and adds mass to the shrubbery used in the foundation planting. Of all of these, the painting is about the quickest and least expensive, and the change it can make in a house is almost unbelievable. Only a few months ago we saw a house which had always looked stark and cold because of an excessively high foundation exposure. The owner had just finished painting the foundation green, and the result was as though the house had been dropped at least two feet. It now seems to hug the ground and nestle nicely into the shrubbery around it

Any type of foundation can be painted, be it brick, cement block, stone or poured concrete However, the paint must be masonry-paint, made to cover these materials.

Outside of the benefit of a better-looking house, painting the foundation will go far toward preventing the absorption of water and dampness, which so often causes trouble in the average house basement As a precaution before painting masonry, the owner should be sure that the foundation is thoroughly dry and he should not be fooled by the fact that it looks dry It usually takes three to four days of good, clear, dry weather, before you can be sure that masonry has dried out.

Patching Cracked Sidewalks

Tips on Home Repairs

By ANDREW C. LANG
Associated Press Staff Writer

DO . . . fill a hairline crack with a mixture of portland cement and water after first wetting down the opening.

DO . . with a wider sidewalk crack, enlarge it with a cold chisel and hammer, holding the chisel at an angle so that the bottom of the crack is made larger than the top.

DO . . . remove all loose particles from the opening and wet it down thoroughly

DO . . . use a ready-mixed patching material requiring only the addition of water, pressing it well into the opening and about one-sixteenth of an inch above the surface.

DO . . . wait until the patch begins to set (from one to three hours, depending on conditions) and then level it off.

DON'T . . . forget that the use of wooden board or float will give the patch a rough surface, while the use of a metal trowel will give it a smooth surface.

DON'T . . . neglect to dampen the patch at least once a day for several days.

DON'T . . permit the patch to dry out too quickly; if exposed to sun or wind, protect it with wet canvas, tar paper, burlap, sand or straw.

DON'T . . . when filling a hairline crack, overlook the possible use of an old, clean paint brush for getting the cement - water mixture well into the opening.

ENAMELS POPULAR

Because they have a slight sheen, semi-gloss and eggshell enamels are popular for walls and woodwork that are often washed. Usually they can be obtained in colors that match flat wall paint exactly, so it is possible to have walls painted with the flat coating, when desired, and matching woodwork in the coating with the sheen.

Car 'Shot' After Comedy of Errors

PASADENA, Calif. (AP)—It may have been a comedy of errors, but James Brown's car is full of bullet holes nevertheless

Brown took the car from his driveway last Sunday without telling his wife. She noticed it gone and reported it stolen Later he came home, and they forgot about it.

Friday police spotted the car, still on their "hot" sheet They chased. When Brown drove on, a fusilade riddled the car, but amazingly didn't touch the puzzled Browns.

Brown stopped, explained, and commented "Man, look what you've done to my car!"

The officers agreed it was shot

Margaret Truman Puts Off Appearance on TV

Here's How:

Used Furniture Buying Should Be Done Wisely

By VIVIAN BROWN
Associated Press Staff Writer

Used furniture is one way to solve the problem of a small home furnishing budget It is handy too for the meanwhile house where a family is not to be located permanently in their present abode

But you must know what you are getting if you choose used furnishings Good ideas are

(1) Write down your needs before you go shopping

(2) Decide whether you have the time and energy to do refinishing before you select some old broken piece just because the price is right

It's a good idea to choose a piece that does not need too many major repairs such as new drawers for bureaus or chests or new legs for a table unless you are handy with tools

On the other hand don't turn down a good piece of furniture because handles are missing or because it is scratched or lightly gouged

A table that has a scratched surface may be refinished by gentle sandings and shellacking or painting Paint the legs or bring them down to a natural wood with sandpaper and use one of the adhesive backed plastic materials forthe surface if you like Wood tone or marbelized patterns look very much like the real thing If a knob or handle is missing from a chest you can purchase a new set simply enough at any lumber store and just replace the old ones.

IF YOU ARE buying an old carpet or rug examine it carefully A hole might not be a drawback if it is in a spot that might be covered by a large sofa A worn place that may be covered by a throw rug with a coffee table over it should not kill the purchase, providing you are sure that it will work just that way Determine that by measuring your room, putting all furniture in its proper area on paper as a guide to how much space and where it will be utilized

Linens may be picked up cheap at auctions especially if you have just the right initial This may be true of other items too such as silver flatware or hollow ware

Lamp shade bases that look old might be brightened with a good polishing in many instances, and used until others come along

It is good to avoid broken-down overstuffed pieces unless you get an exceptional buy and know you can have it reupholstered cheaply Or perhaps the piece is an antique and you can't resist it at the price An 1860 Victorian gentleman's chair for instance usually to be found with a good sturdy frame may be reupholstered for from $35 to $80 depending on the fabric you choose

Handsome second - hand bedsteads may be found, although you will of course want brand new bedding to complete them Keep in mind that if the bed is old (such as the cannon ball type popular in the 1850's) the mattress and box spring may have to be made to order Today's standard sizes do not usually fit

WHEN PURCHASING chairs be sure the rungs are firm although a good glue will solidify an otherwise sturdy chair If cane is broken, consider the chair's value to you before you purchase it Recaning is expensive Rush seats are less expensive to replace and you might be able to do them yourself

Summer is an ideal time to visit the used furniture market, country auctions, and to brighten up the things you corral Sanding and paint removing may be done easily and safely outdoors

80 Japanese Cherry Trees Given to College

DELAWARE — A gift from the graduating class of Ohio Wesleyan University to their college may lead to the establishing of a new tradition on the campus in the near future — a cherry blossom festival

The seniors have purchased approximately 80 Japanese cherry trees which have already been planted on both sides of the campus "Main Street," the walk between University Hall and Edgar Hall, newly named "cherry blossom walk"

Funds for purchase of the class gift were raised through the annual senior class show, which this year presented the musical "Anne Get Your Gun"

After paying for the cherry trees, the seniors added their excess capital to a fund established by previous graduating classes for construction of a theater on the campus

Hunt Pressed For Suspect in Heiress Killing

CARSON CITY, Nev (AP)—Police hunted from New York to California today for a Nevada bartender charged with strangling a pretty blonde Philadelphia heiress

The woman was identified as Mrs Anne Harris Van Ryne, 22 Her body was found Thursday night in the apartment of bartender Wilham E Boswell 33

Officers said she apparently had been garrotted with a housecoat belt found under the body in a closet

In Kansas City, police said Boswell's parents, Mr and Mrs William E Boswell Sr told them he was there Wednesday and had left Thursday in a green 1953 station wagon, saying he was going to New York for a bartending job there

Sheriff Lester Smith at Carson City identified the body as Mrs Van Ryne but said he could not be positive until her dental charts arrive from Philadelphia. He said she was pregnant

The sheriff said the body apparently had been in the closet since Sunday or Monday night

Prince Hawkins, Mrs Van Ryne's attorney at Reno, said he was certain the identification was correct Fingerprints from the body matched those on Mrs Van Ryne's car and personal effects

Mrs. Van Ryne was the daughter of Mrs Elizabeth Flagler Harris of the Chestnut Hill section of Philadelphia and of J. Andrew Harris 3rd, a retired aircraft executive.

Police said Boswell had a sister at Belleville, Ill, and a wife at Middlebury, Vt

Watch Kept on Nest

Mrs. Whooping Crane, Bird Lovers Await Birth

NEW ORLEANS (AP)—'Crack!' Bird fans start biting their nails Sunday and listening for that sound

When it comes an egg will pop and out may whoop a new member of an exclusive club

The club is whooping cranes of North America and junior if he shows will get card No 31

Josyephine and Crip, the prospective parents, are hovering over two eggs in Audubon Park Zoo here The eggs may hold two little cranes but they also may hold nothing That s why bird fans are biting their nails

Daily Watch Planned

At dawn Sunday, zookeepers begin a daily watch An observer with binoculars 30 feet away on a six foot stand will peek at the eggs every day from dawn to dusk until he hears 'crack'

Then he will wait until he hears a second "crack!" The cracks may mean the world has more whooping cranes They also may mean Crip and Josephine tired of standing around infertile eggs stepped on them

Josephine laid the first egg 30 days ago The second came four days later George Douglass, zoo superintendent thinks junior may arrive anytime after Sunday

Josephine, captured after a hunter shot her, was taken to the Arkansas refuge of Texas in 1949 to meet Pete another captive Two eggs were laid They were infertile So mom and pop smashed them Pete died a few months later

New Mate In 1950

The next step was introducing Josephine to Crip This was done at Arkansas in 1950 She laid an egg which produced the first whooping crane ever born in captivity But the baby went into some tall grass and was not seen again

Why all this fuss about a long necked, long legged red faced, white - bodied, awkward - looking bird?

The whooping crane over five feet is the tallest bird in North America But with only 30 living members the society may disappear fast

One solution is more little cranes Another solution is staying alive but the whoopers are uncooperative They make hazardous flights every year from Texas to northern Canada And their size makes them an inviting target

Florida Town Is Anticipating Race Trouble

DELRAY BEACH, Fla (AP)—The Delray Beach City Commission, which said it was acting to stave off a possible riot growing out of racial tension here Friday night adopted an ordinance permitting its police force to halt and search both persons and motor vehicles for weapons

The measure called an "emergency ordinance' also permits police to throw up roadblocks wherever necessary to carry out its provisions

The act said that 'persistent rumors have come to the attention of the City Commission that trouble will soon break out on the municipal beach which may lead to injury and death to residents of this city"

It also said that "unusually large numbers of residents of this city and nearby areas have recently purchased large quantities of guns and ammunition"

Racial tension has grown here since nine Negroes filed a suit aimed at obtaining use of the municipal pool and municipal beach on the Atlantic Ocean for members of their race The suit was dismissed in federal court 12 days ago when spokesmen for the city told the judge that Delray Beach had no law against Negroes using the beach

A group of white persons and a group of Negroes met on the beach last Sunday Police dispersed the groups without violence and closed the beach to everyone

Wednesday the commission adopted another emergency ordinance' prohibiting Negroes from using either the pool or the beach

It said this law, too, was aimed at preventing riots

Delray Beach, with 14 policemen, is a city of about 8 500 persons about one-fourth of whom are Negroes

Marion Area Auto Mishaps

One no injury accident was reported in Marion County Friday by state highway patrolmen City police reported three minor accidents with damage in each case under $100

Cars driven by Charles E Sechrist, 71, of Prospect and Richard R Powell 19, of near Peoria O collided at the intersection of Routes 4 and 203 at Newman s patrolmen said The Sechrist car southbound on Route 4 had stopped to make a left turn onto Route 203 While waiting for approaching traffic the stopped car was hit from behind by the Powell vehicle, which also was southbound, patrolmen reported

Powell was cited to appear in Municipal Court here on a charge of driving without the assured clear distance.

Hog Prices Range From $18-$18.25

COLUMBUS, Ohio (AP)—Prices received for live hogs at 85 central and western Ohio markets this week ranged from $18 to $18 25 an average No 2 good butcher hogs

The price on No 2 hogs started at $18 Monday and closed at the same price on Friday, after reaching a new 1956 top of $18 25 Tuesday This also is the highest price paid for No 2 hogs since July 15 1955 The average price for the week was $18

Graded No 1 meat type hogs started at $18 50 on Monday and closed at that same price Friday Sow prices ranged from $14 75 to $15 during the week with Friday's close at $15 Average for the week was $14 95

The state bureau of markets said the United States Department of Agriculture reports that hog slaughter will remain above normal until mid summer, drop close to last year s level sometime after that, and then fall below last year Hog prices are expected gradually to close the gap with last year's prices, the bureau said, probably averaging at least as high this fall, and not drop as low as last year

Higher Hospitalization Insurance Rate Okayed

COLUMBUS, Ohio (AP)—Increased insurance rates requested by Hospital Service Inc of Canton were approved Friday by August Pryatel, state superintendent of insurance

The increases include

The 70 day group comprehensive semi-private family contract rate from $5 50 to $6 30 a month direct pay and special enrollment contracts (one person in a ward) from $2 35 to $3 75 a month (one person in a semi private room) from $2 60 to $4 a month

Hospital Service Inc serves Stark, Tuscarawas, Carroll and Holmes counties

Pyrate said the 70 day group comprehensive rate is still the lowest in northern Ohio for comparable protection, even with the increased charges

Remembrance

A Sermonette

By FREDERICK W. LEECH
Rector of St Paul's Episcopal Church

Are you remembering?

Each year, as most of our nation slows down the busy tempo of its far flung activities for one day on May 30, few of us can escape at least a moment of remembering We remember all those we have known, as well as many we have not known, who have gone before us

Officially the day was appointed to remember those whose lives were sacrificed in the War Between the States, but the remembrance has expanded, as it properly should, to all those who paid with life, in all the wars in which we have been engaged, for the precious freedoms of our way of life We, the living, are deeply in their debt, a debt we can only begin to repay by living life so as to guard, to hold dear, and to expand to all mankind, those freedoms and principles, and the peace for which they died, whether in battle or in dull duty —but always "in blood, in sweat, in tears"

If our remembering of our honored dead is to have any significance, if it is to be more than mere drippy sentimentality it must have in it values and qualities such as these Yet merely telling ourselves "we must," will not bring it to pass We humans need a greater motivating power than this We need God Power in our go-power.

— —

NEARLY two thousand years ago, the writer of the Epistle to the Hebrews, after a listing of the valorous deeds is Israel's heroes and leaders of the past said 'Wherefore, seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us and run with patience the race that is set before us, looking unto Jesus the author and finisher of our faith" (Heb 12 1-2) Into these words we can read a great summation of what should be our thoughts on every memorial occasion

We are not alone in our struggles in life God is ever with us We have also, this writer reminds us, a great cloud of witnesses to our struggles, who have gone before us In this illustration, life is compared to a foot race in a great arena, thronged with cheering on lookers As a rule, performers in such events always do better before spectators, and with such a grandstand full of those witnesses who have gone before us, we ought to run a good race, in this, our day.

— —

THIS SCRIPTURE also reminds us that our loved ones who have gone to be with God, are not far away from us They are near, they are witnesses to our efforts, and they are cheering us on with their prayers They are not disinterested bystanders They have run this race before us, and they are concerned with how well we do

Therefore our writer urges us to strive to live more effectively "Run with patience the race" "Let us lay aside every weight, and the sin which clings so closely" (R S V) All of us have handicaps in the race, the weights, the sins, which slow us down

Fear is a weight Anxiety binds our spirits, restricts our living keeps us from becoming fully the kind of person God created us to be "Lay it aside" Seek to learn through faith that "perfect love casts out all fear"

Our sins also are forever holding us back 'Get rid of that hindrance That is so easy to say, but how do we do it? Our writer has two answers Remember the cloud of witnesses who have served before you especially those who love you That will help and encourage you The second and vital, word of help is, "looking unto Jesus, the author and finisher of our faith" Or, as R S V has it, 'Looking to Jesus, the pioneer and perfector of our faith" He was the pioneer He too ran this earthly race before us knows all its complications and pitfalls He gave us countless reassurances of His power to help us, and His willingness and desire to do so "Lo, I am with you always even unto the end of the world"

In Him, and in Him alone, have unnumbered millions, over the centuries, gotten rid of their sins, and so been empowered with God-Power to better run the race of life, before they joined that cloud of witnesses who compass us about, and whom we honor this Memorial Day In Him so may we also attain, and run with patience, a good race "This is a true saying, and worthy of all men to be received, That Christ Jesus came into the world to save sinners" (1 Timothy 1 15)
